A PRESENT THAT WILL
LONG BE CHERISHED BY
YOUNG AND OLD IS

The Penny Classics

The Best Writings of The
Most Famous Authors

Five Volumes,
144 pages each

REGULAR PRICE \$1.00 per volume, Our Special
Price \$3.00 for the Five Volumes.

Handsomely bound in green silk cloth, gilt top
and gold stamped.

In offering "Penny Classics" to the American reader, our aim was to show, by means of their sayings and writings, something of the character of the men and women who have said the best things and thought the wisest thoughts, in all ages.

All of these excerpts voice the great authors themselves, for there has been no tampering with the great originals.

Vol. I. Schopenhauer is a bitter tonic; Seneca is clean; Plato is deep; Emerson is radiant; Hegel is devout; Thoreau brings the flavor of wood violets; Darwin is suggestive; Coleridge is profound; Confucius is wise and Carlyle—who writes from such a hot heart today—Carlyle is the voice of passionate sincerity.

Vol. II. Aristotle is precise; Aurelius is inspiring; Socrates is great; Epictetus is luminous; Descartes is original; Pascal is bold; Spinoza is the father of questioning thought; Maeterlinck is tender; Browning is brilliant; Spencer is far-seeing; Napoleon is stirring as a trumpet call; Shakespeare is the voice of Highest Humanity.

Vol. III. Franklin is candid; Nietzsche is keen; De Quincy is melodious; Luther is brave; Ruskin is earnest; Washington is modest; Huxley is honest; Heine is vivid; Jacobi is reverent; Johnson is impressive; Wesley is strenuous.

Vol. IV. Nordau is cheerful; Lincoln is gentle; Montaigne is frank; Auriel is a word-artist; Hume is deep; Joubert is a master epigram; Jefferson is without pretense; Goldsmith is sunshine; Haeckel is scientific; Bacon is scholarly; Kant is obscure; Voltaire is gay.

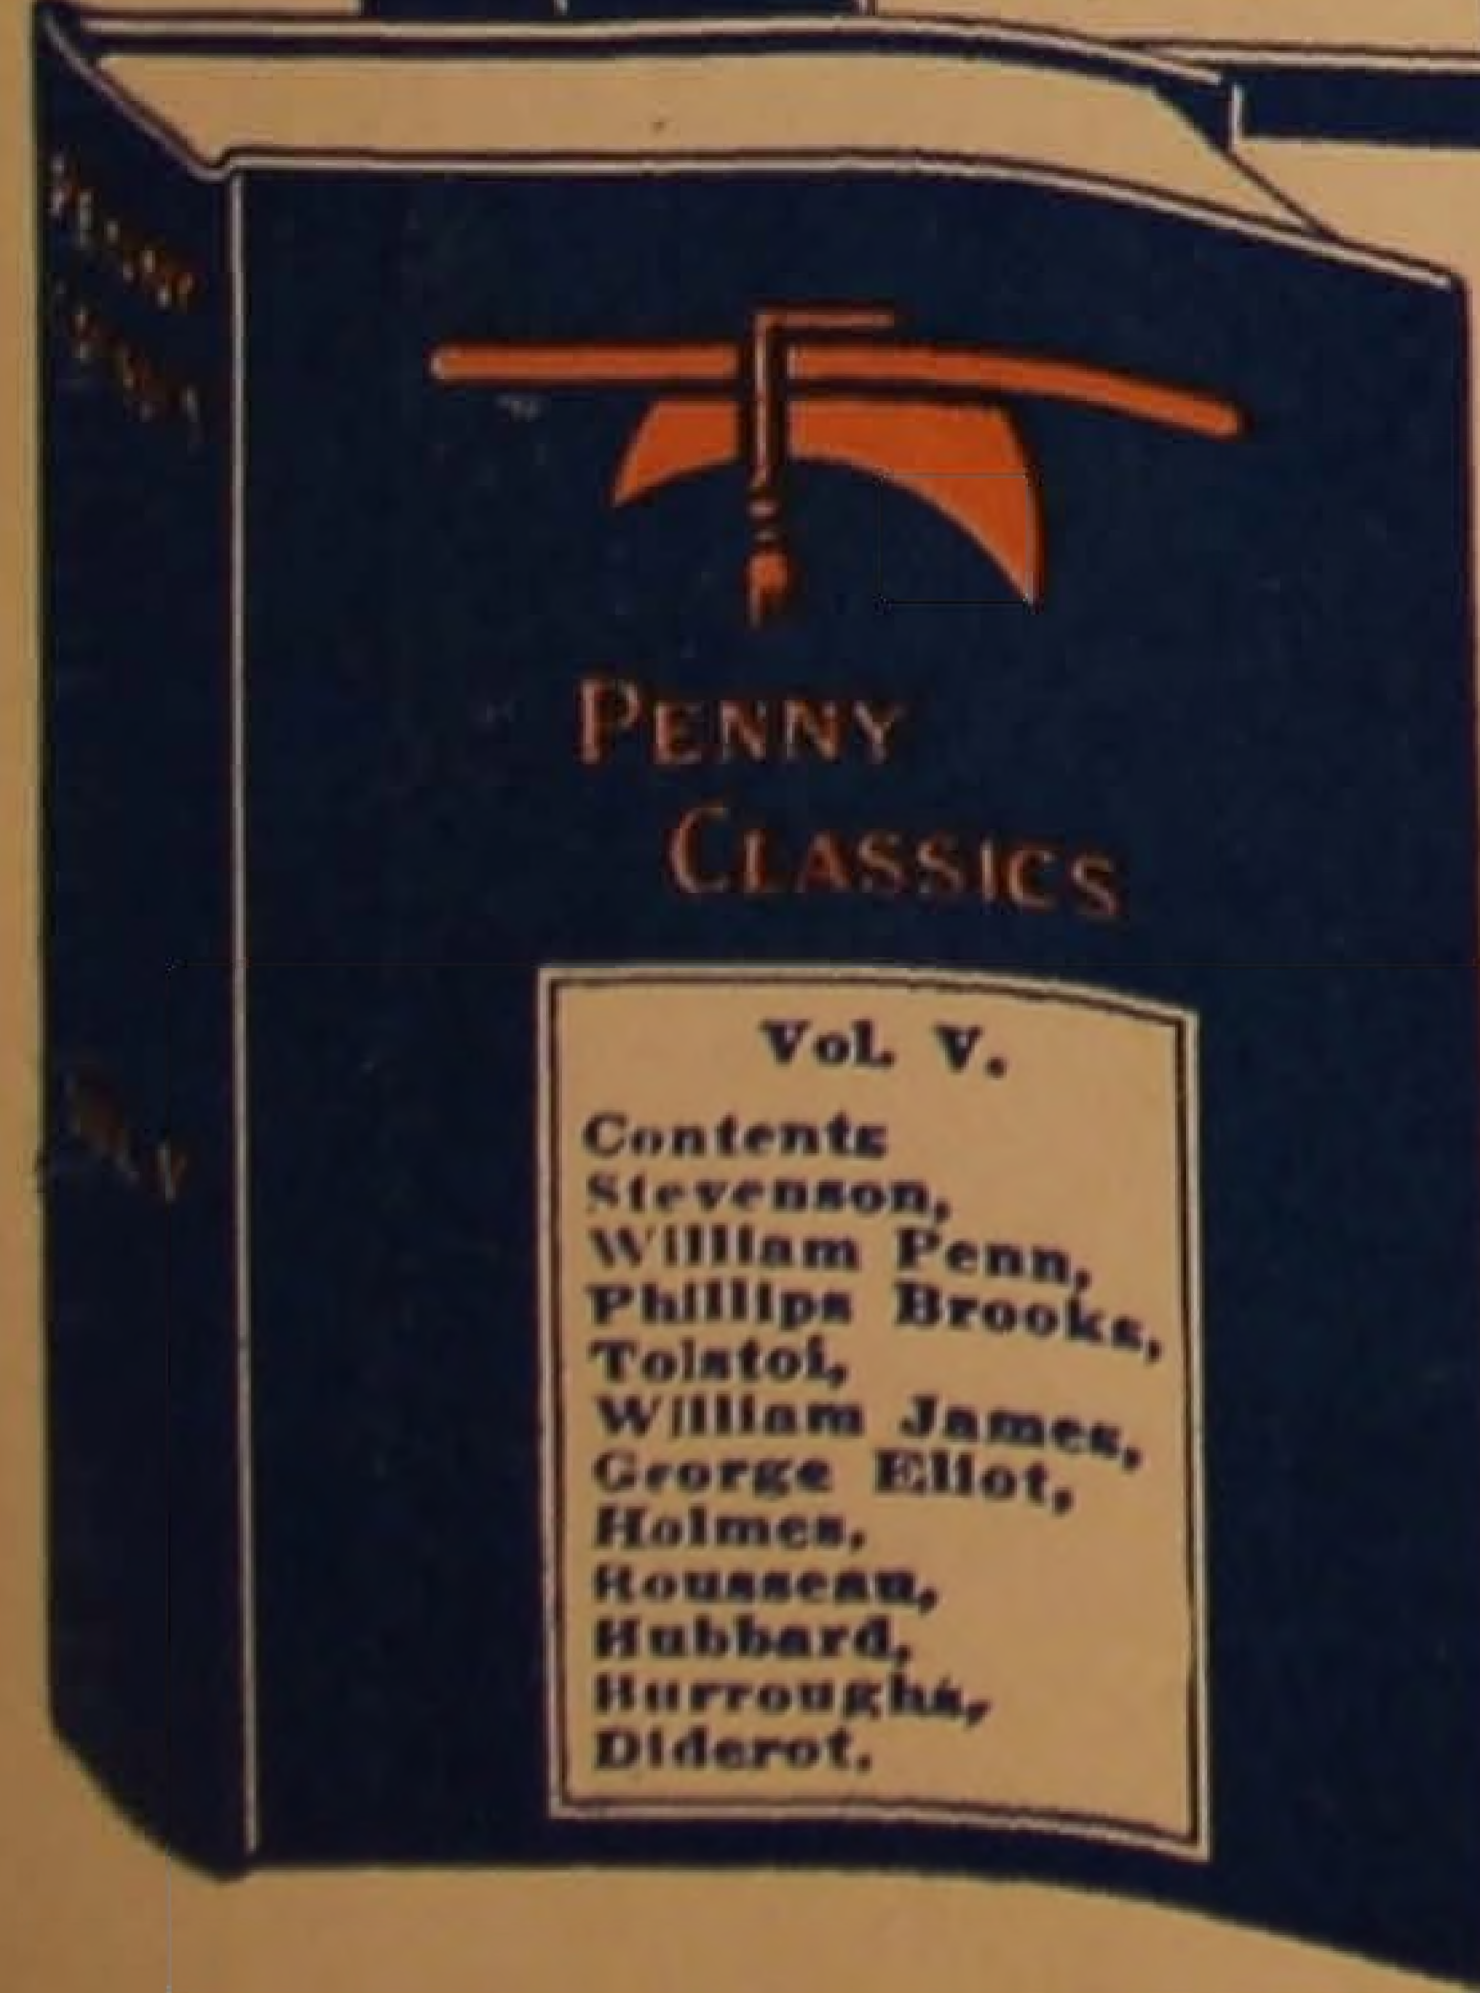

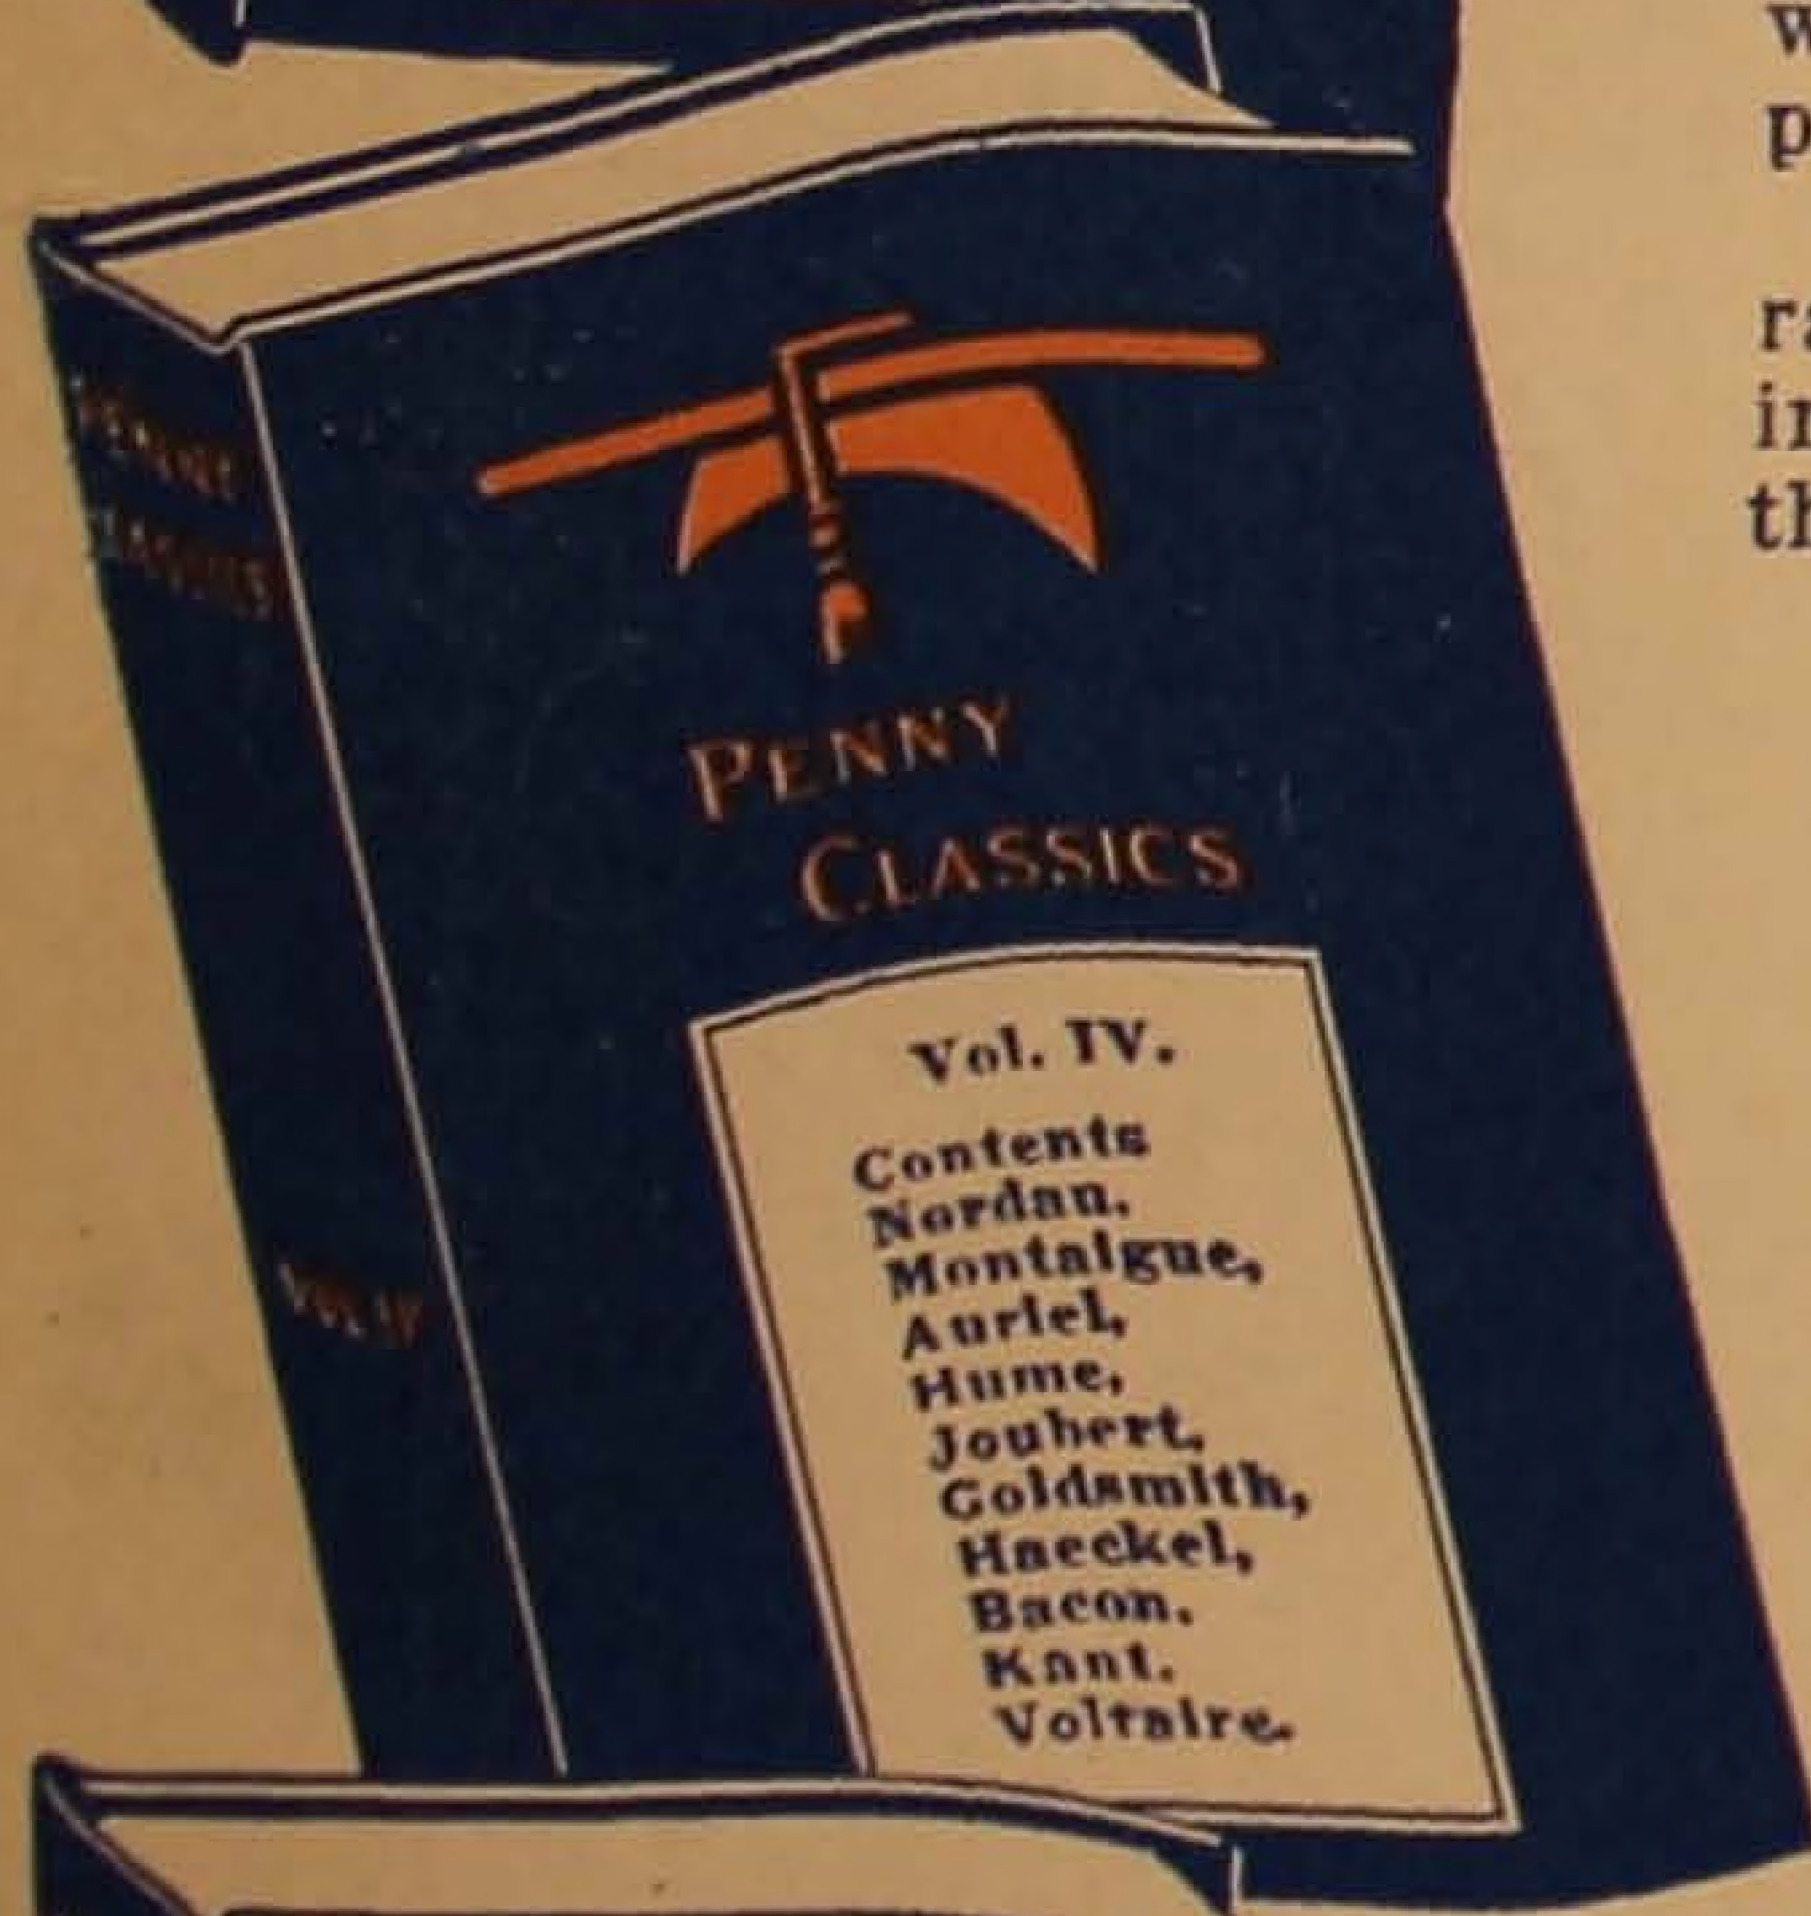

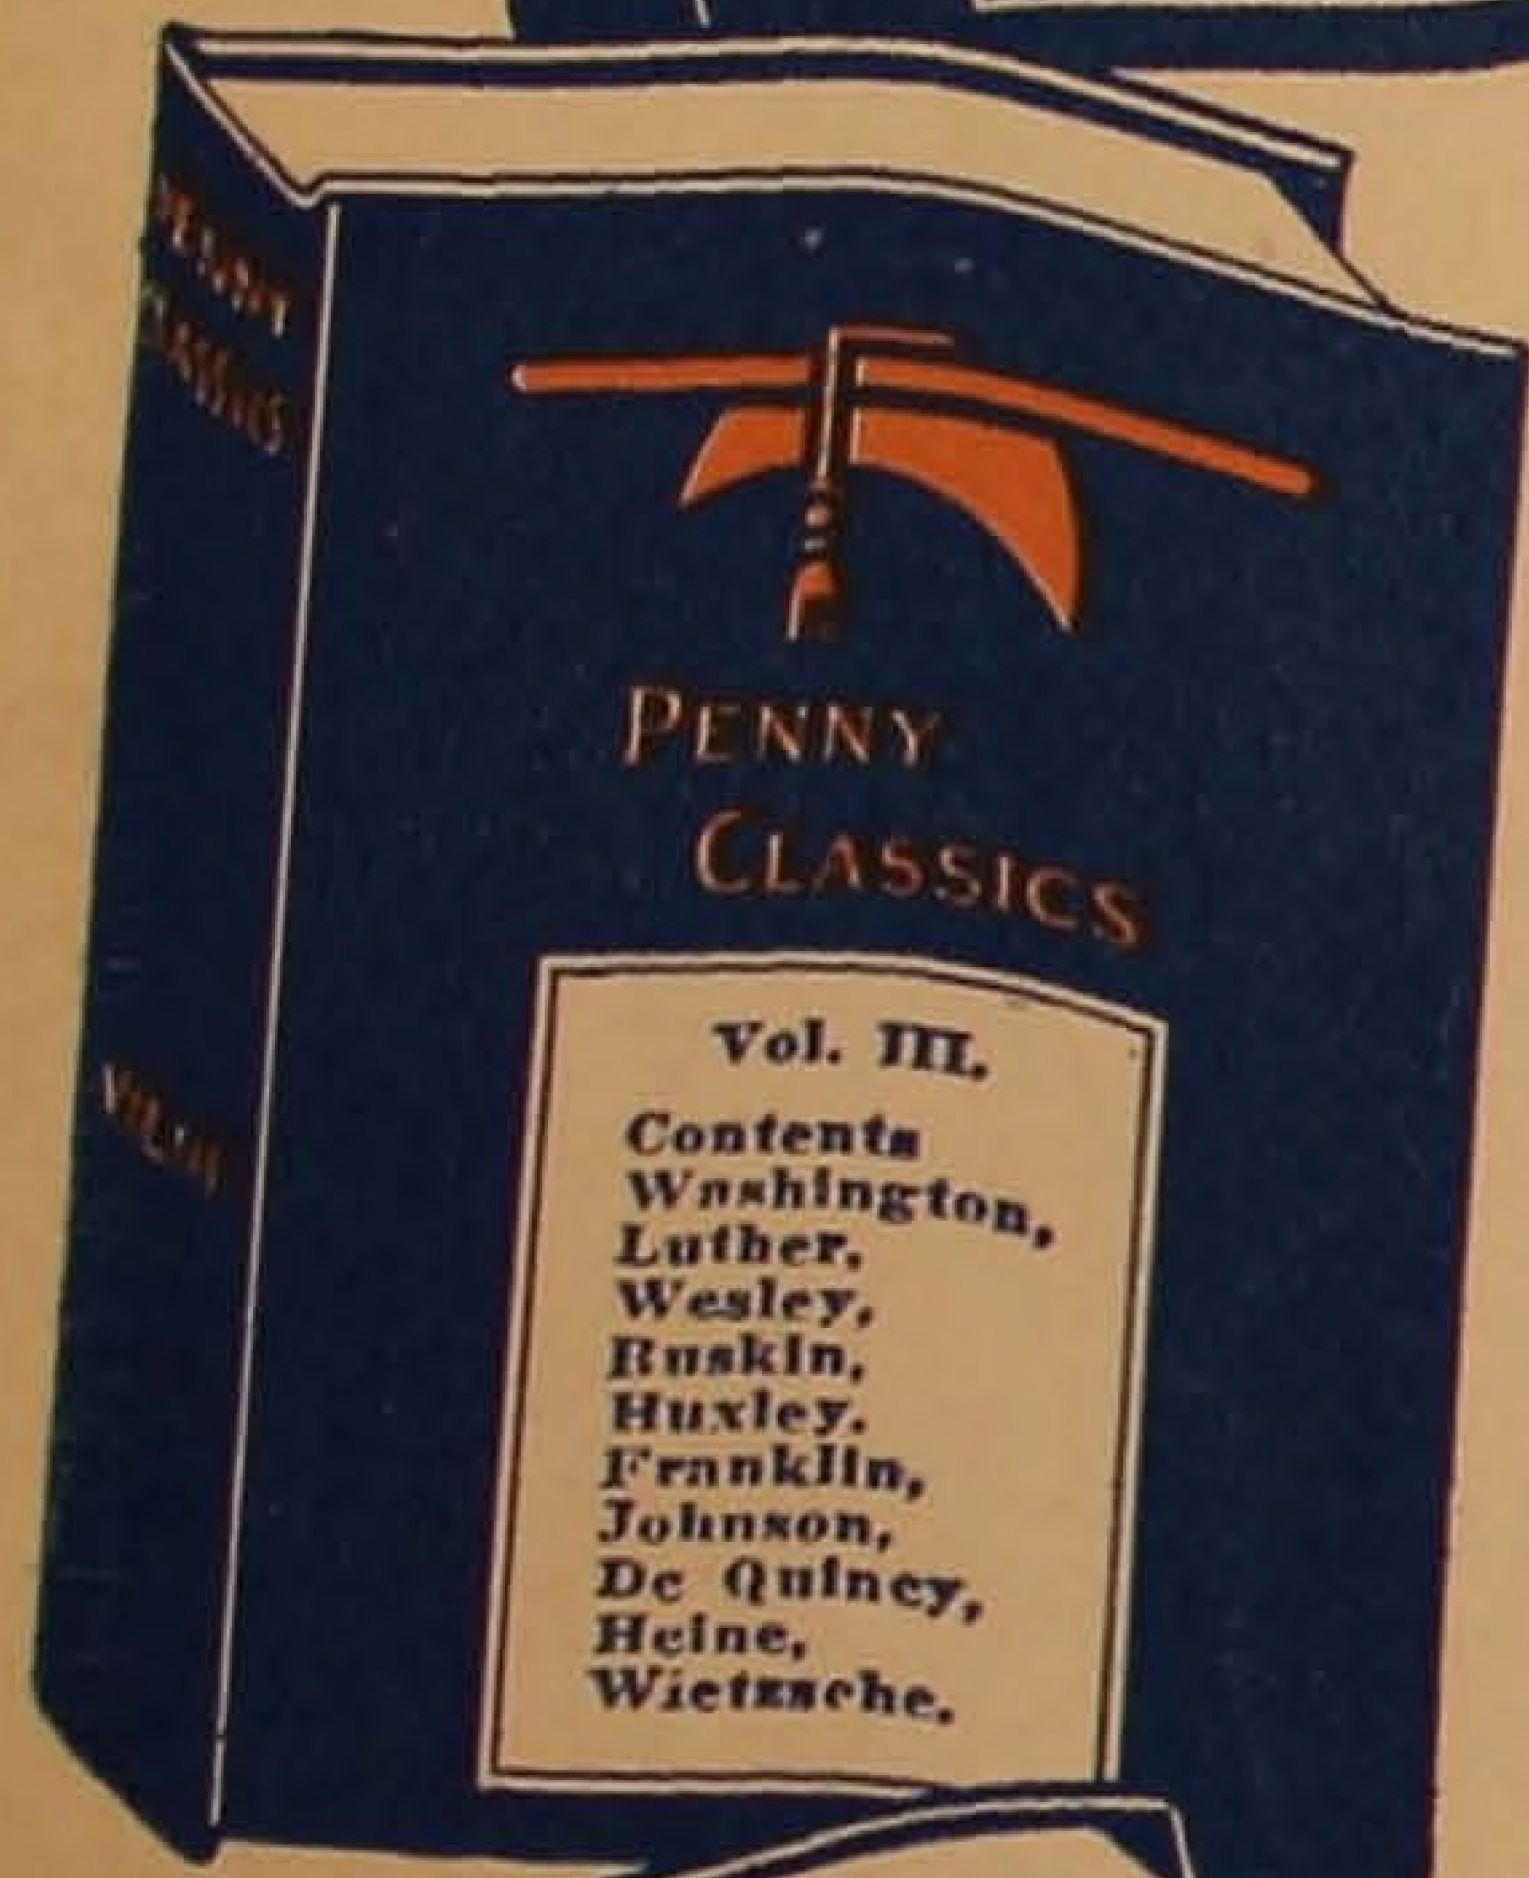

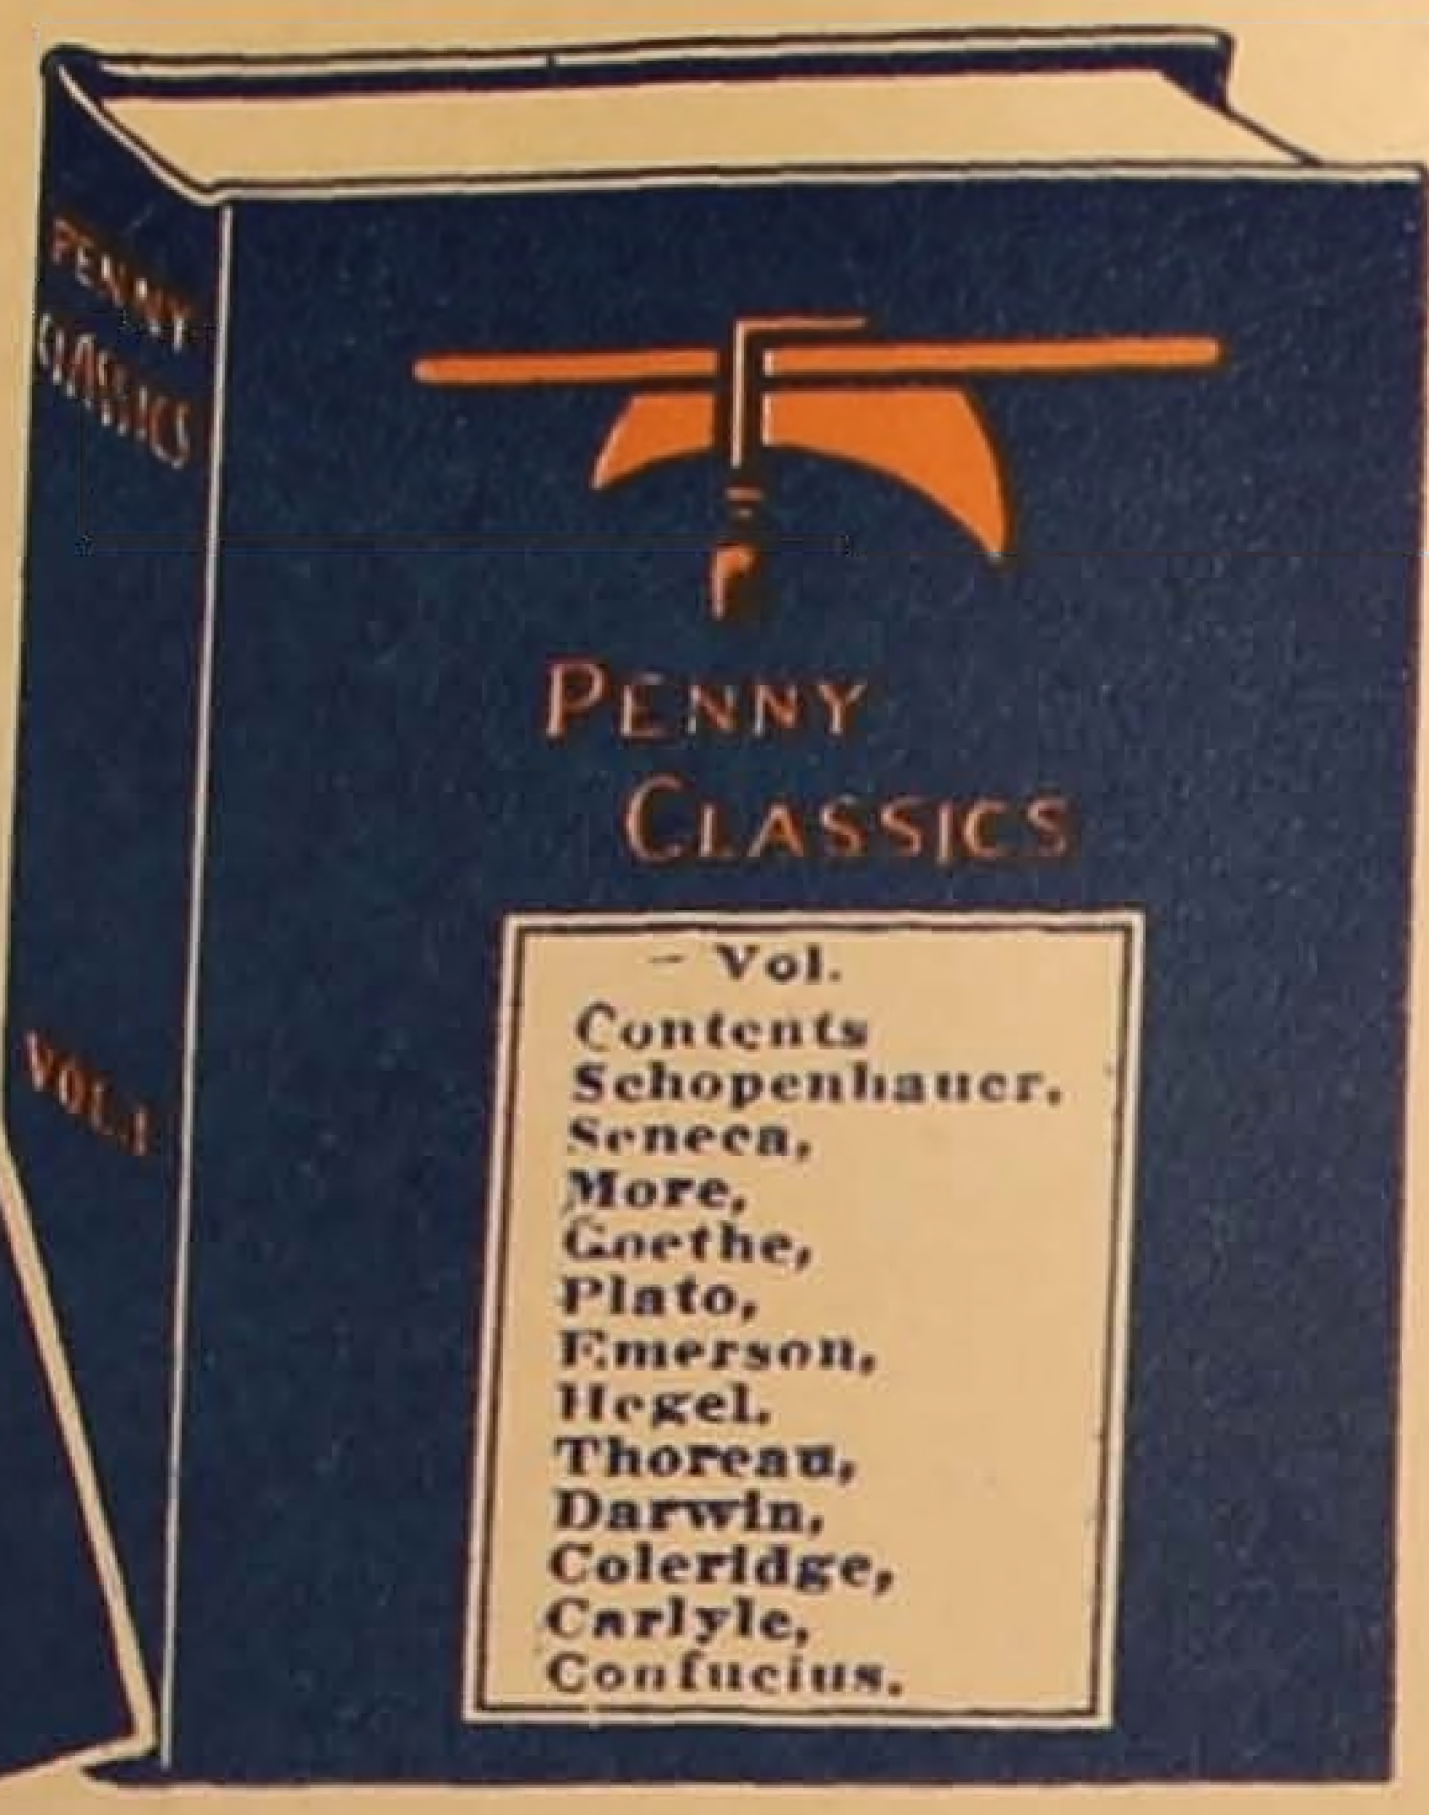

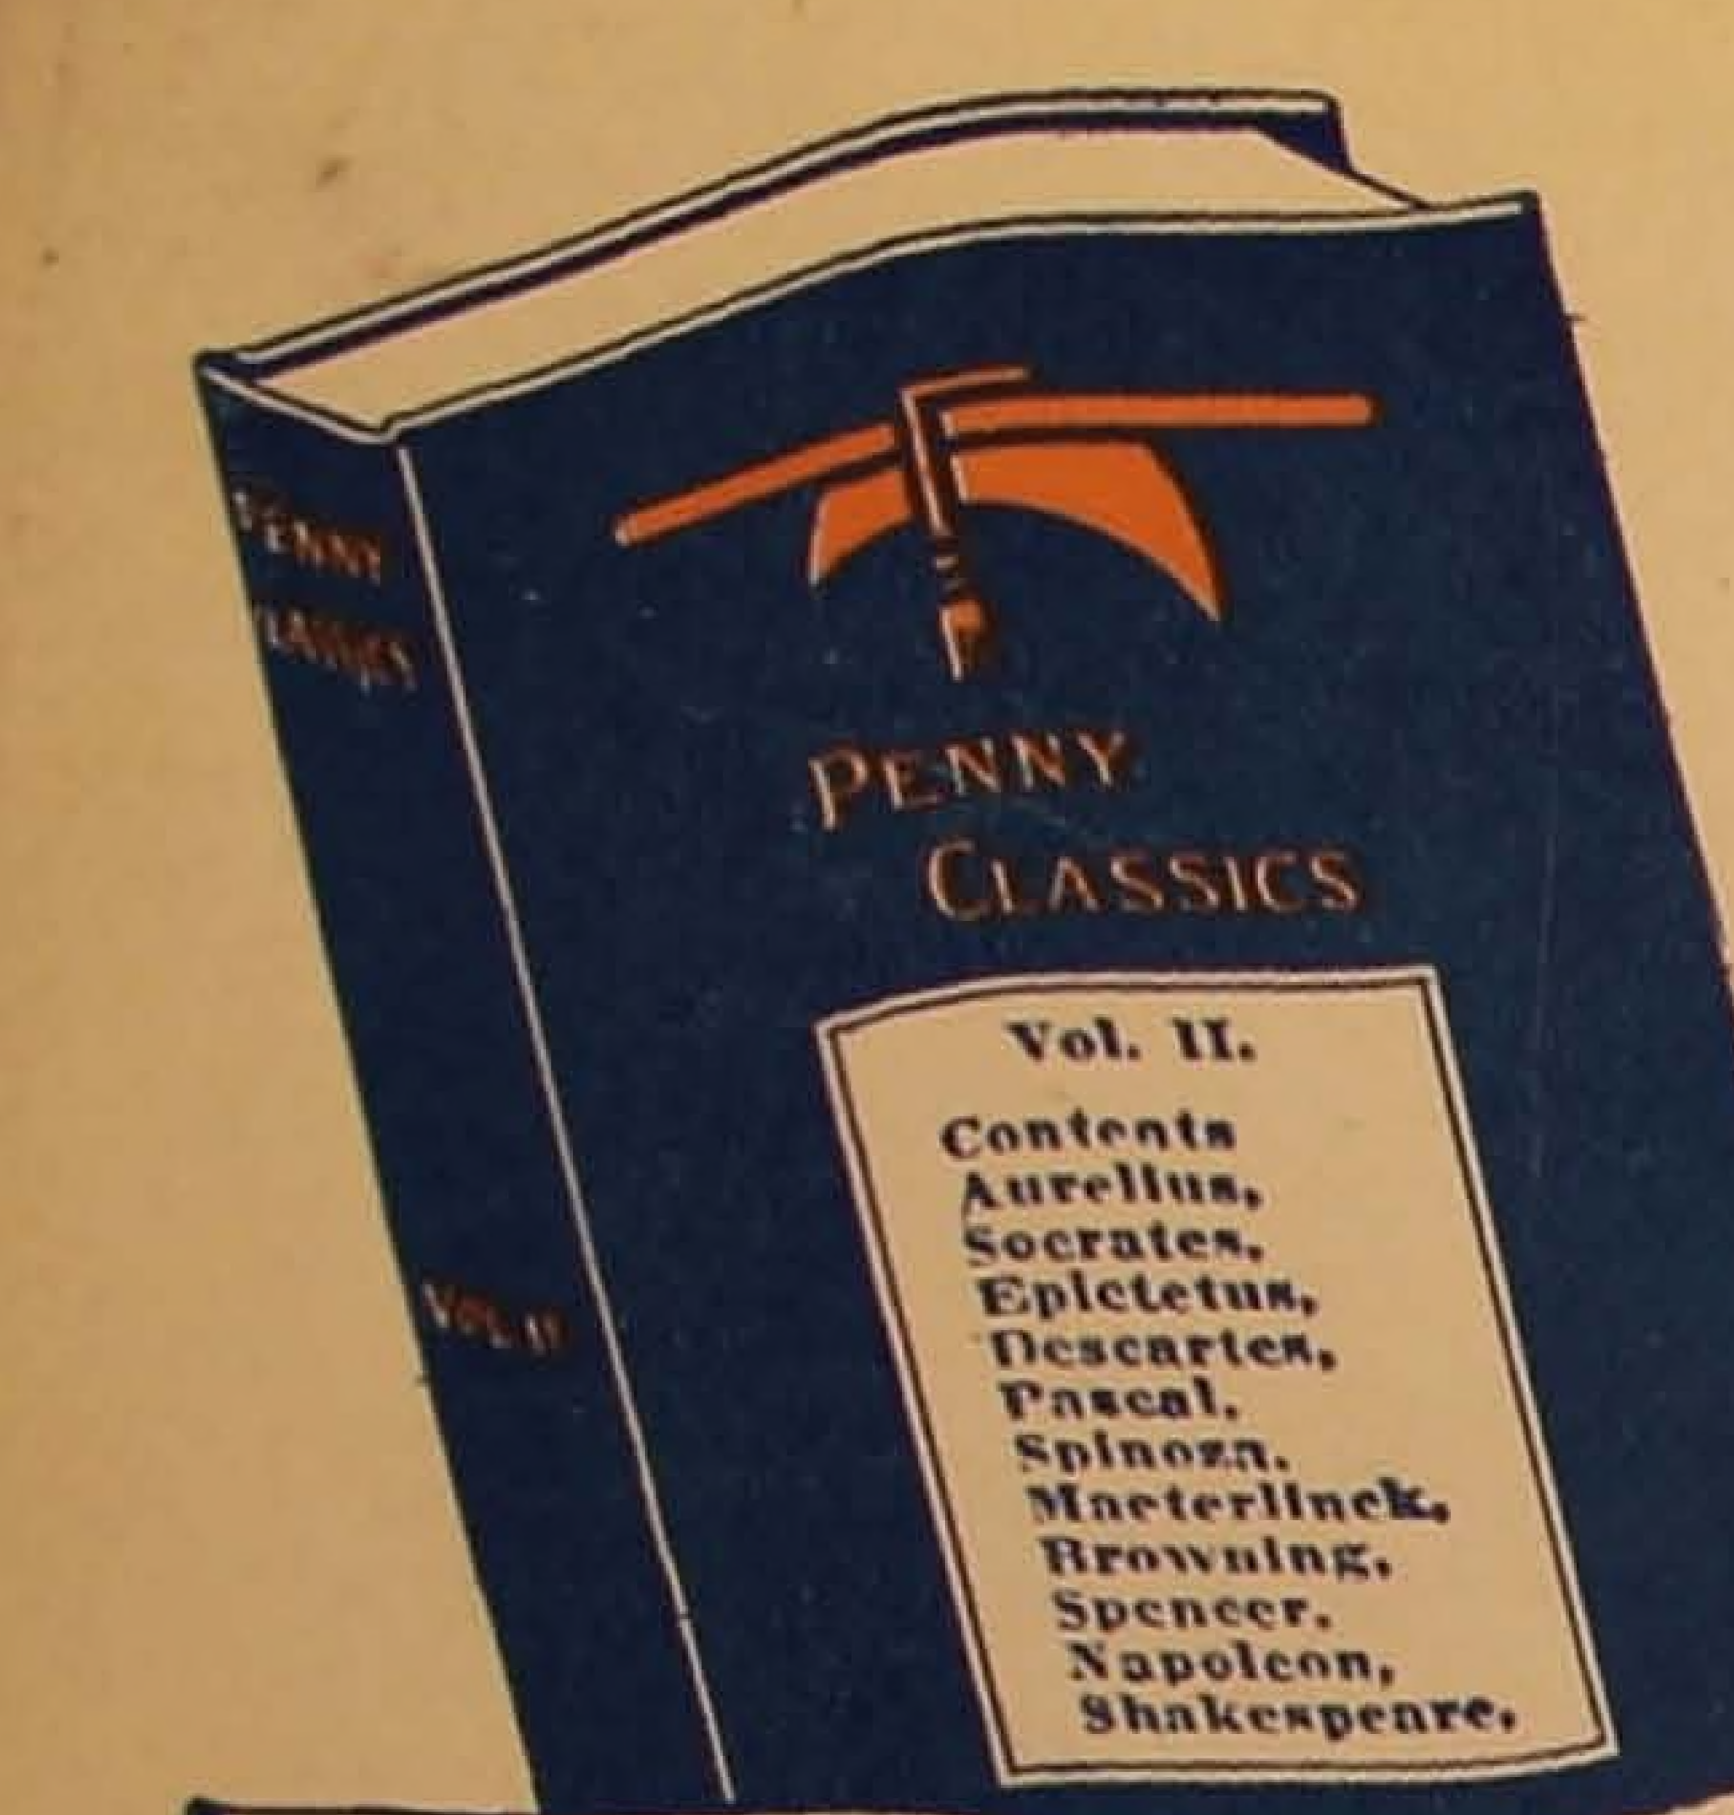

You cannot help enjoying this volume, for in it you find much of what you, yourself, have dreamed and thought. Here, Jefferson and Lincoln voice your democratic ideals. Bacon and even Voltaire, perchance, echo your opposition to Haeckel's disbelief in a personal God; Goldsmith and Montaigne seem to say to the war-cursed nations of today, just what you have often thought but failed adequately to express, while Kant, the obscure, the metaphysical, heartens the weary ones of earth by his declaration, so easily understood by all men, that "nothing in the world can be conceived of as good without qualification, except a good will, which is good, not for what it effects, but for what it intends, even when it fails to accomplish its purpose."

Vol. V. Tolstoi is wholesome; Burroughs is lovable; Hubbard is succinct; George Eliot is noble; Froebel is companionable; James is authoritative; Rousseau is logical; Brooks is chivalrous; Holmes is polished; Stevenson is brotherly; Penn is grave; Diderot is droll.

Penny Classics is a liberal library in itself. Daily communion with these authors will acquaint you with the best literature of the past and present. The original price was \$1.00 each, but in order that more may avail themselves of these very desirable volumes we are cutting the price to 60c each, 5 volumes \$3.00.

The term "Advanced Thought" is not the title of any organization, institution, cult, sect, or religion. It is simply a general term denoting Progressive Thought—Independent Thought—especially along the lines of Practical Philosophy, Practical Metaphysics, and Practical Psychology. Consequently, "Advanced Thought" has no Creed, no "organization," no established authority, and no "officials."

On page 2 is a description of the experience of the humble little Japanese woman, Sho-Nim, to whom the Cosmic Birth came as an illumination. She lived alone in a great forest. She so entered into Cosmic Life that all the animals of the forest came to her door and she could communicate with them almost if they had been human beings.

Ability to Speak Convincingly Wins \$10,000 Position

At a recent annual sales convention of a St. Louis wholesale house, a salesman made a speech. It was the first time his voice had been heard. The president of the concern was electrified. "That's the man I want," he said to himself. The following day he was made General Sales Manager at \$10,000 a year.

Not because of his executive ability alone nor his knowledge of merchandising, nor his technical training, but because of his ability to speak convincingly this man quickly won promotion to a \$10,000 position.

Word Power!

The mightiest force in the business world today is the power of effective, convincing speech. The man who talks "straight from the shoulder"—who puts into his words that power that overcomes prejudice, opposition or doubt, is the man who WINS. You may have brains—experience—ideas—ambitions, but until you can make others realize your worth—see things your way—you cannot hope to rise above the level of mediocrity. You must be able to convince men, make them act, make them do **YOUR** will and think **YOUR** way. **YOU MUST BE ABLE TO PUT POWER INTO YOUR WORDS.**

Prepare Now

Every corporation, every business, no matter what it is, needs fluent, forcible men to address conventions, preside at meetings, present big problems to big men, to close big deals. Convincing, effective speaking, whether in public or in private is not a gift, not the work of a genius; it is training. Not ponderous, vague arguments, but plain, yet powerful, dominating logical speaking that is **IN YOU** and will **COME OUT** if you simply prepare yourself.

Men Able to Speak Convincingly Earn \$5,000 to \$50,000 a Year

The splendid course of personal instruction by mail in our Public Speaking department is affording hundreds of men in every walk of life their one great opportunity to **STEP TO THE FRONT**. They join with the captains of industry, preside at banquets, lead in conventions, are foremost in public gatherings. Wherever you see or hear the successful, forceful speaker, remember he **LEARNED** to speak and so can **YOU**. This Course in

The Penny Classics

The Best Writings of The
Most Famous Authors

Five Volumes,
144 pages each

**REGULAR PRICE \$1.00 per volume, Our Special
Price \$3.00 for the Five Volumes.**

Handsomely bound in green silk cloth, gilt top
and gold stamped.

In offering "Penny Classics" to the American reader, our aim was to show, by means of their sayings and writings, something of the character of the men and women who have said the best things and thought the wisest thoughts, in all ages.

All of these excerpts voice the great authors themselves, for there has been no tampering with the great originals.

Vol. I. Schopenhauer is a bitter tonic; Seneca is clean; Plato is deep; Emerson is radiant; Hegel is devout; Thoreau brings the flavor of wood violets; Darwin is suggestive; Coleridge is profound; Confucius is wise and Carlyle—who writes from such a hot heart today—Carlyle is the voice of passionate sincerity.

Vol. II. Aristotle is precise; Aurelius is inspiring; Socrates is great; Epictetus is luminous; Descartes is original; Pascal is bold; Spinoza is the father of questioning thought; Maeterlinck is tender; Browning is brilliant; Spencer is far-seeing; Napoleon is stirring as a trumpet call; Shakespeare is the voice of Highest Humanity.

Vol. III. Franklin is candid; Nietzsche is keen; De Quincy is melodious; Luther is brave; Ruskin is earnest; Washington is modest; Huxley is honest; Heine is vivid; Jacobi is reverent; Johnson is impressive; Wesley is strenuous.

Vol. IV. Nordau is cheerful; Lincoln is gentle; Montaigne is frank; Auriel is a word-artist; Hume is deep; Joubert is a master epigram; Jefferson is without pretense; Goldsmith is sunshine; Haeckel is scientific; Bacon is scholarly; Kant is obscure; Voltaire is gay.

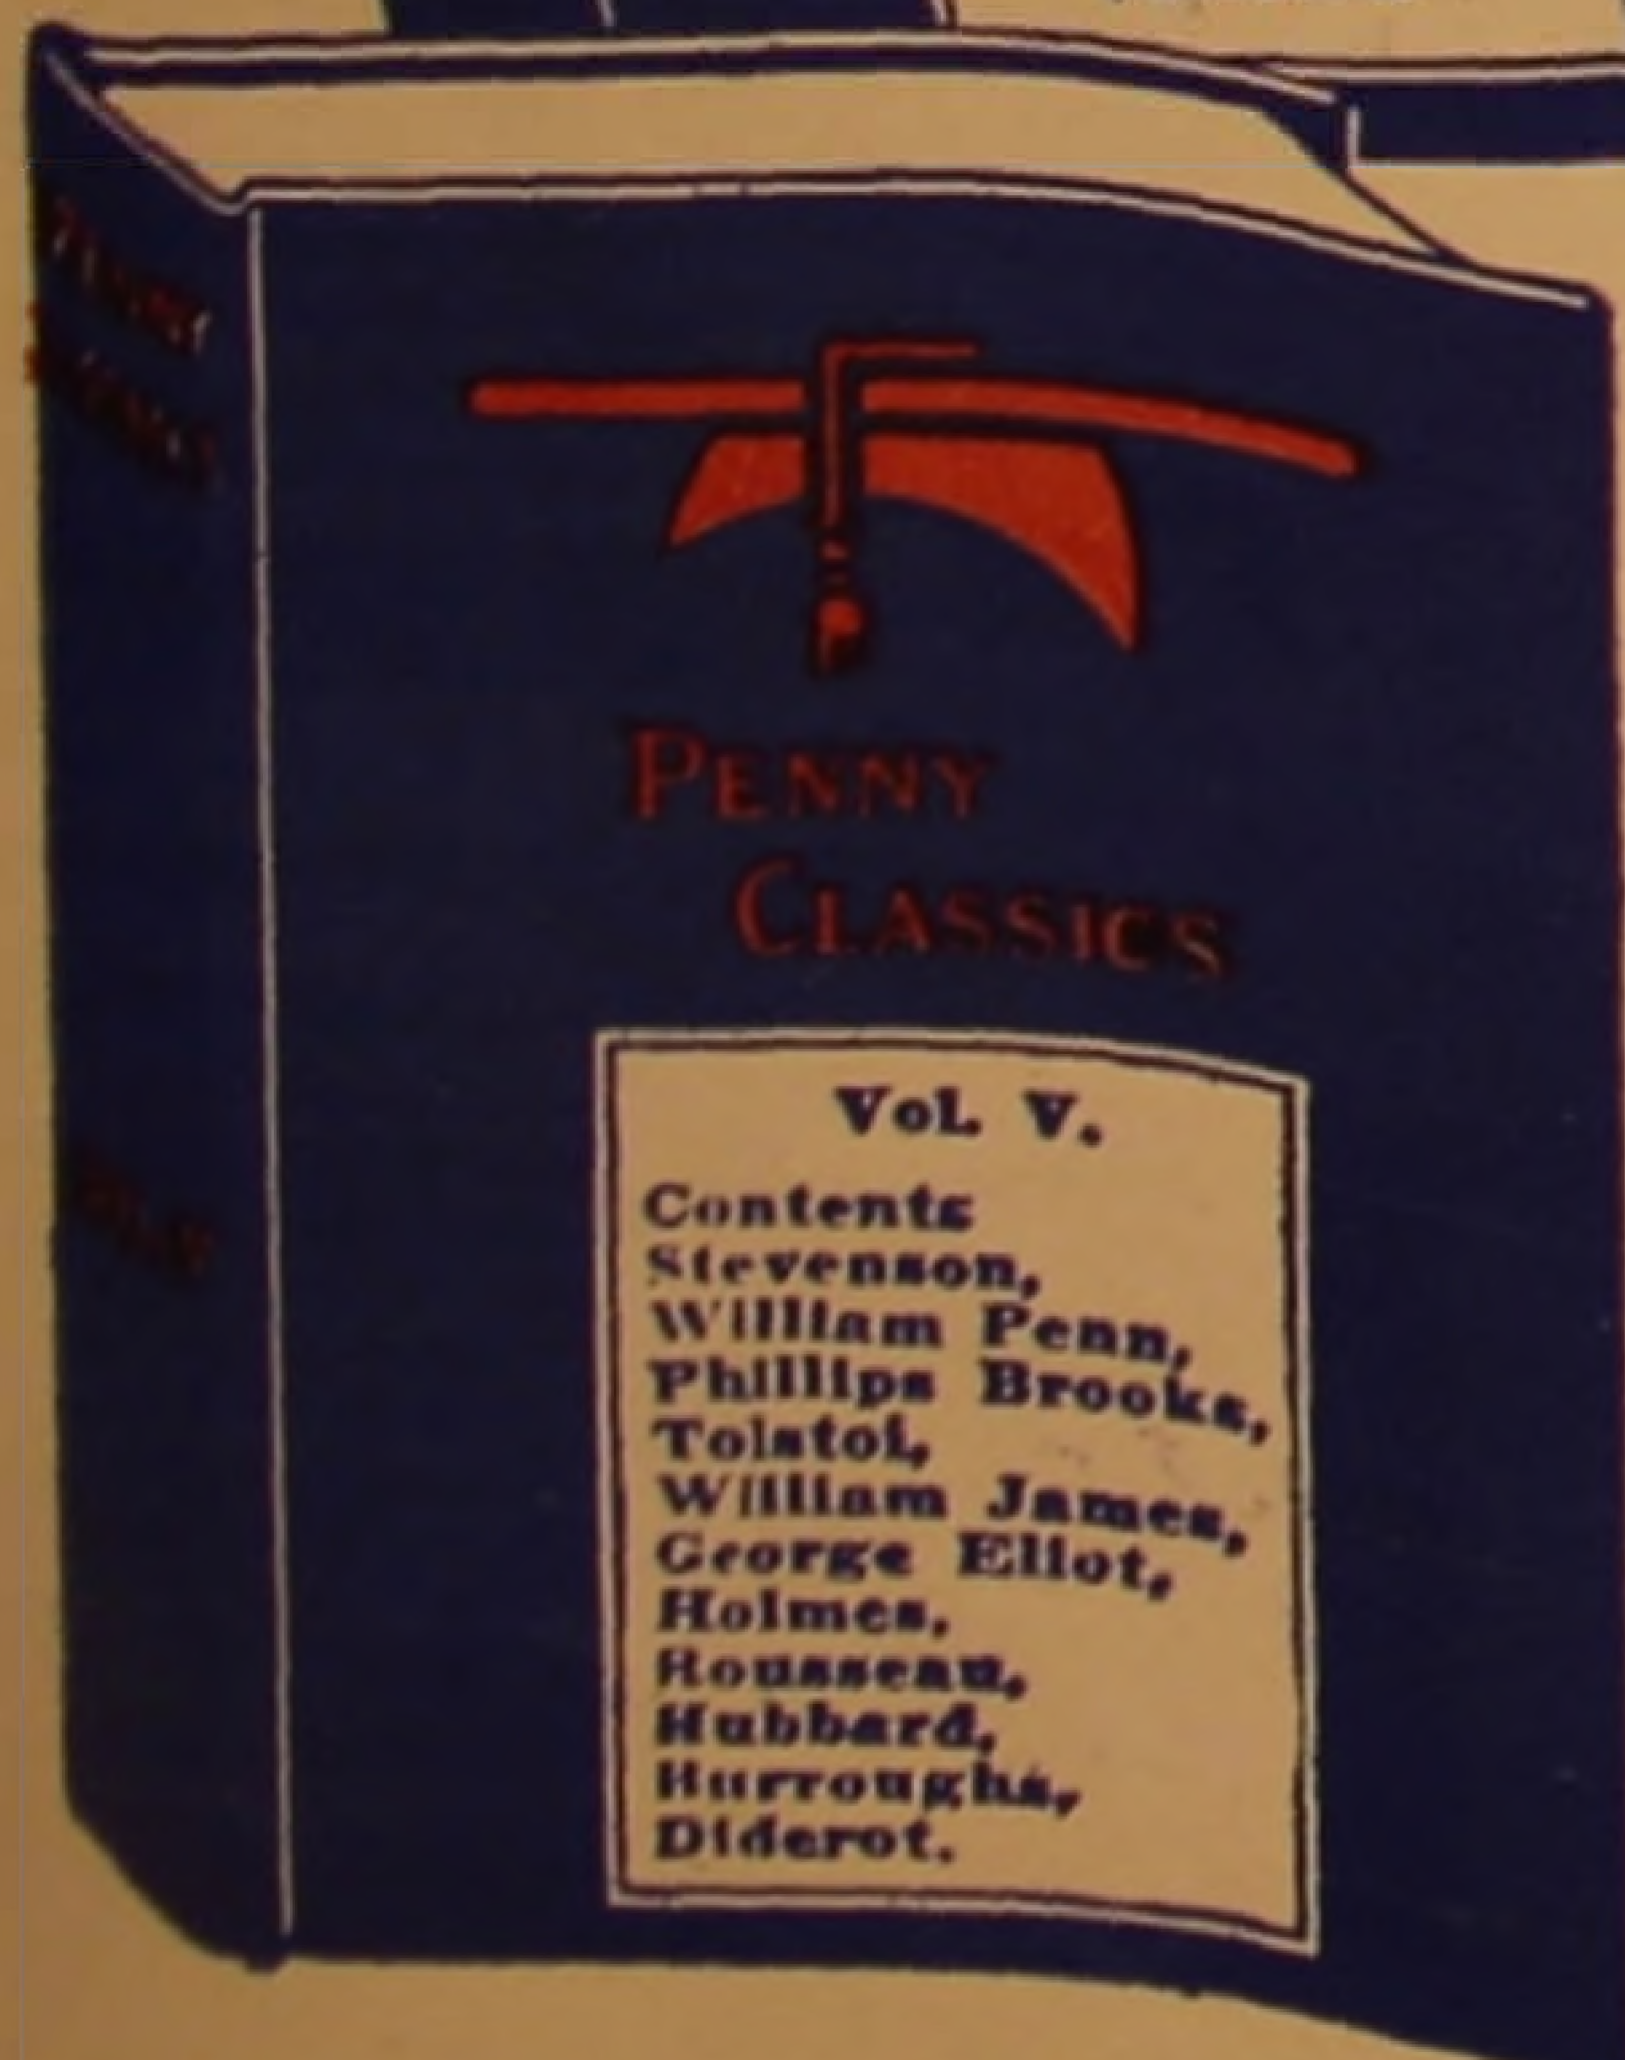

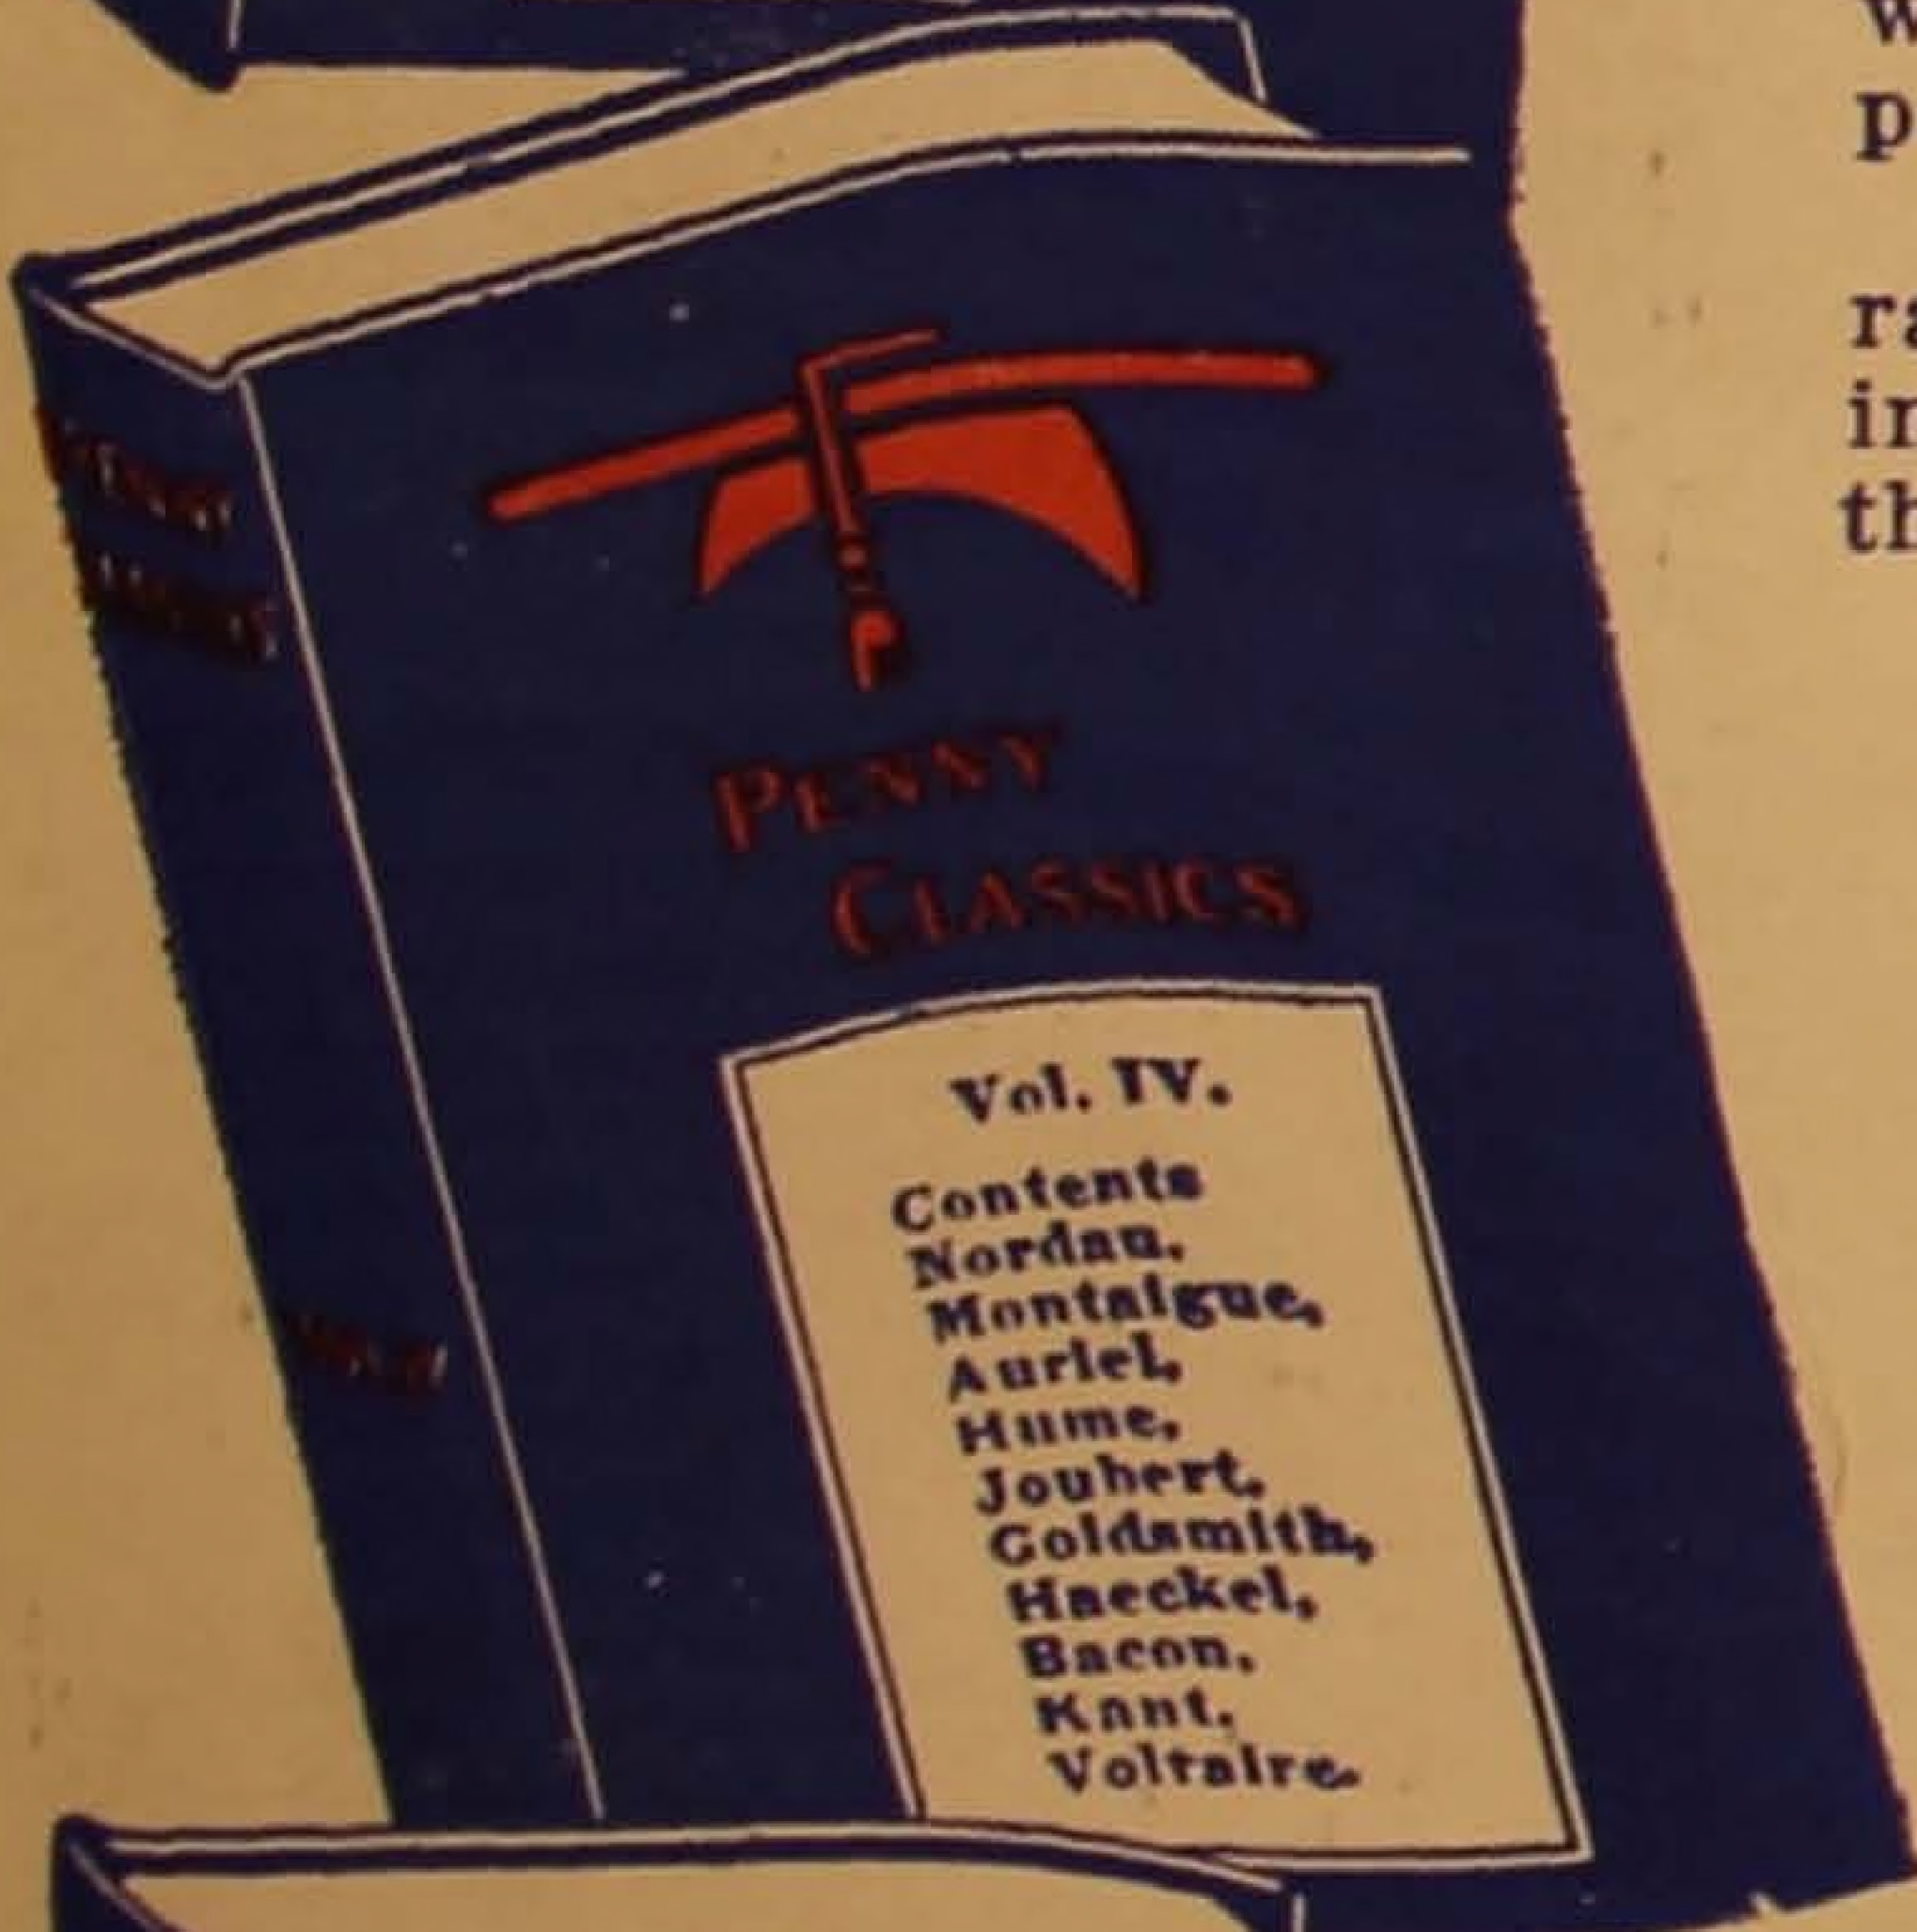

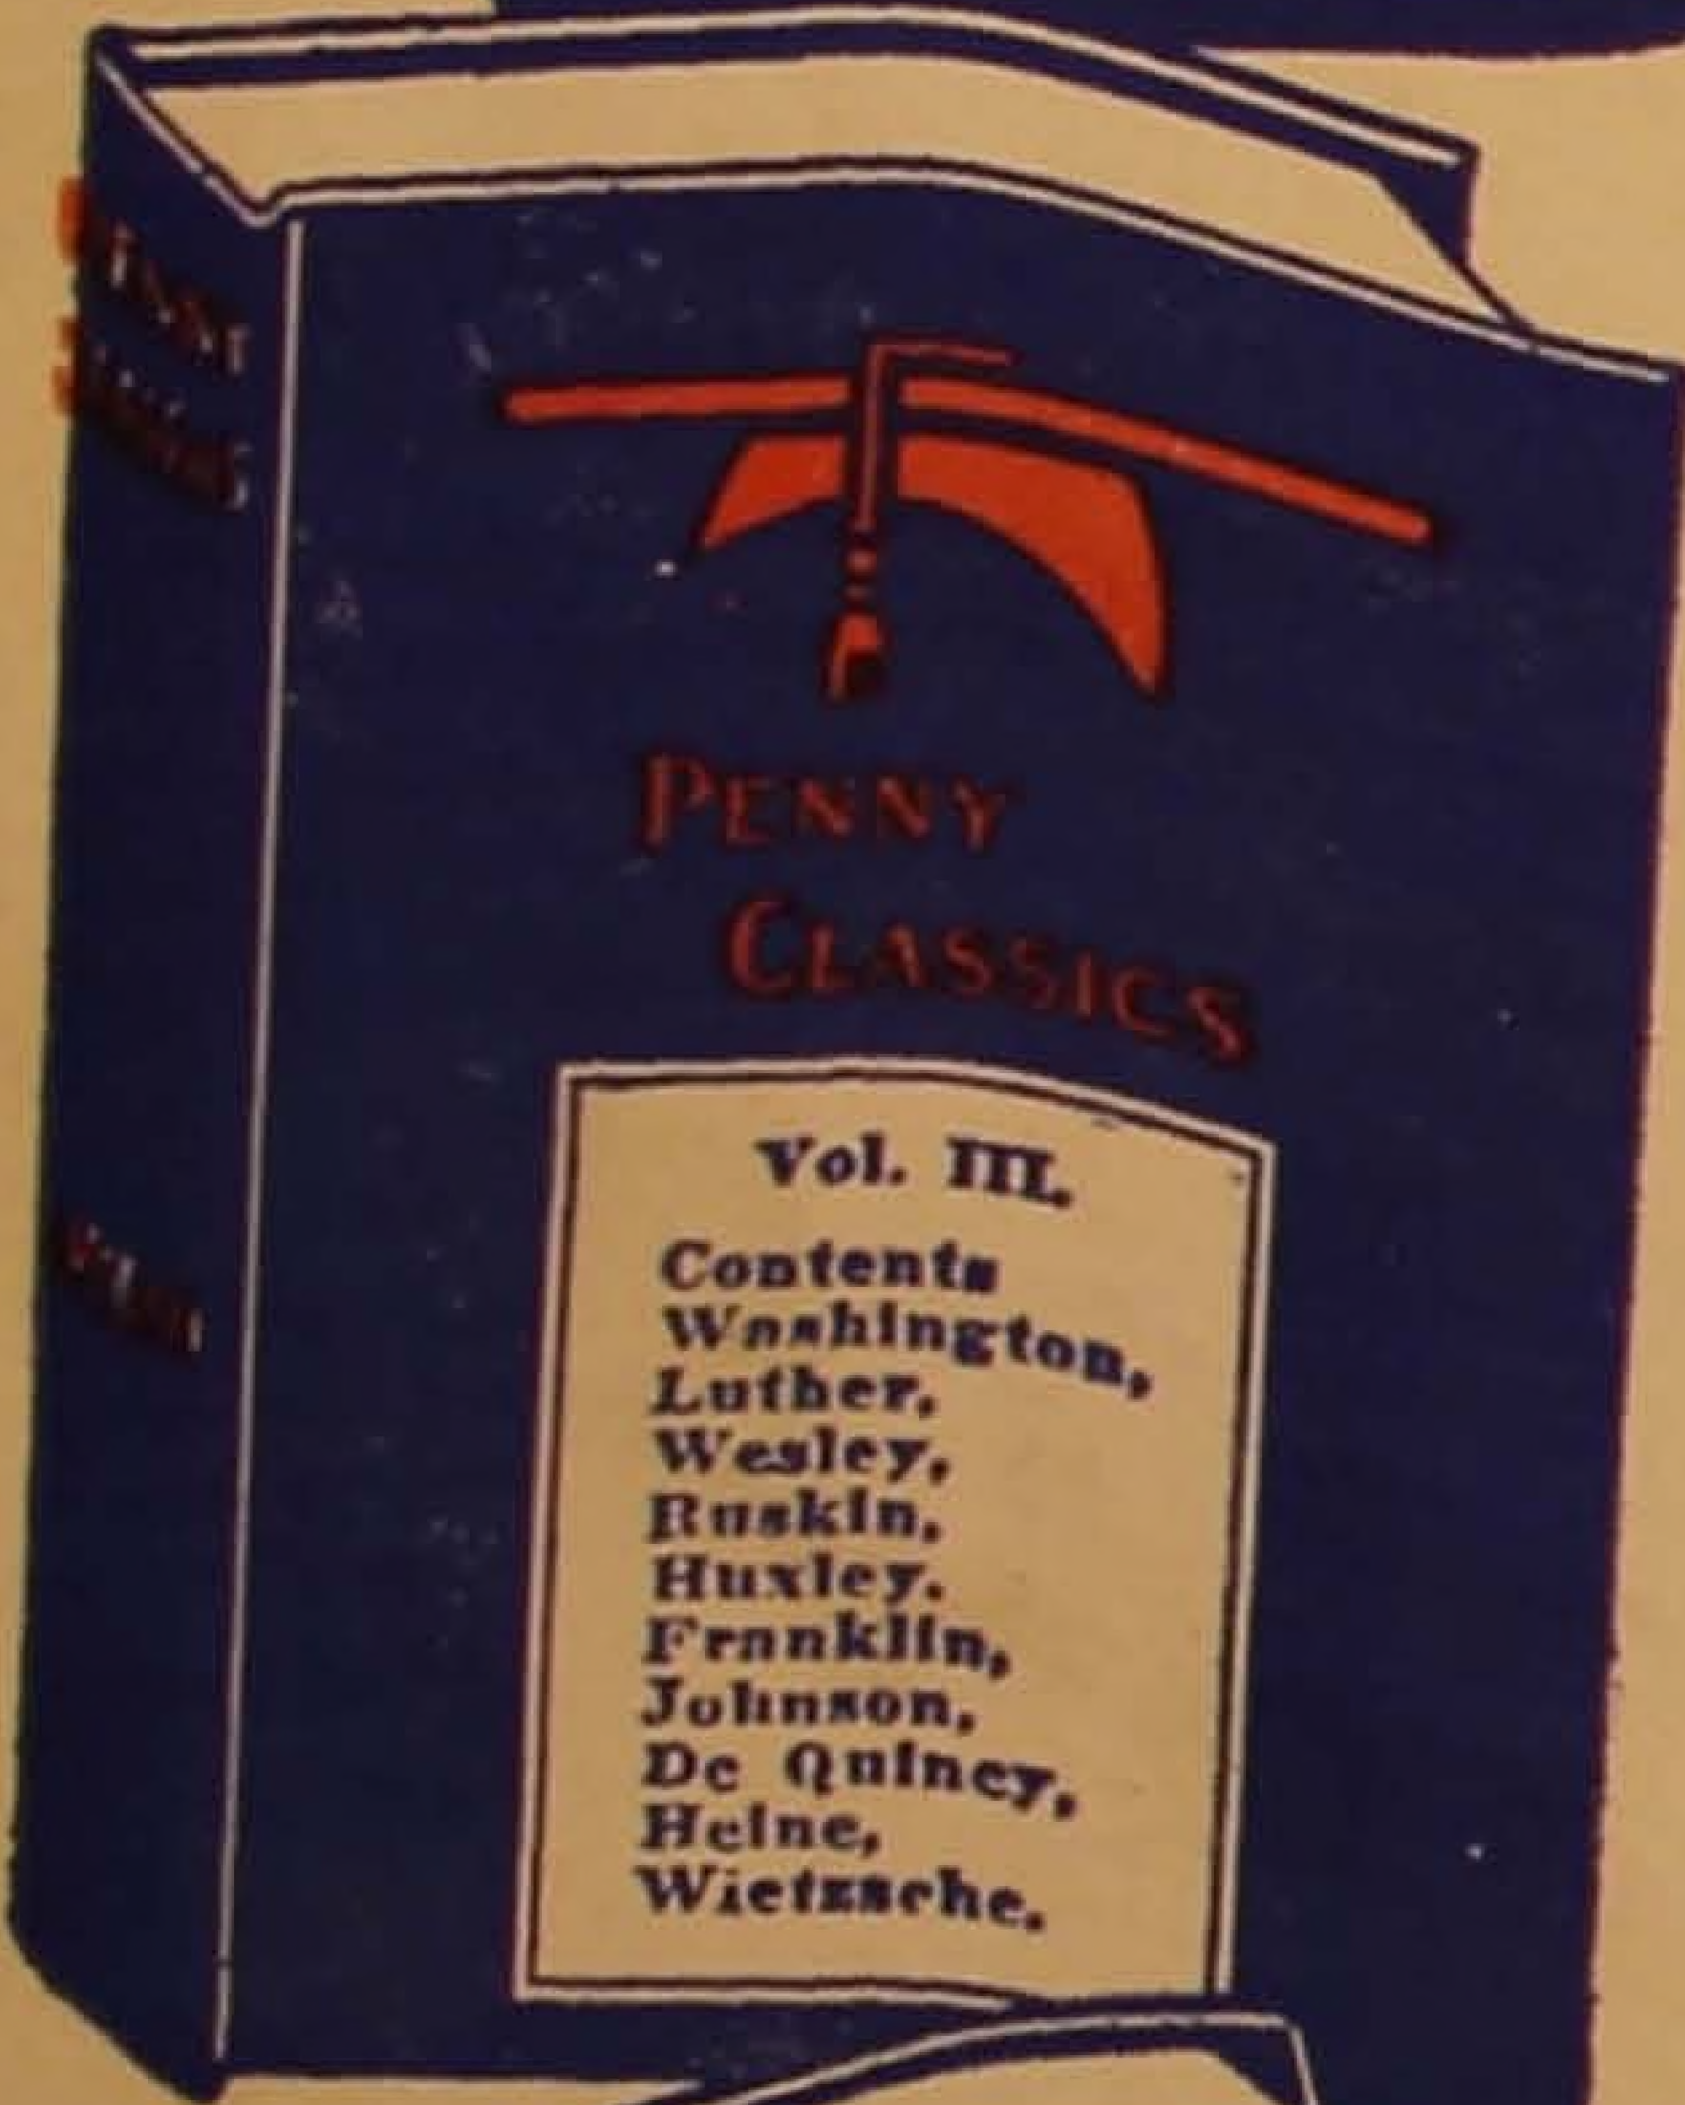

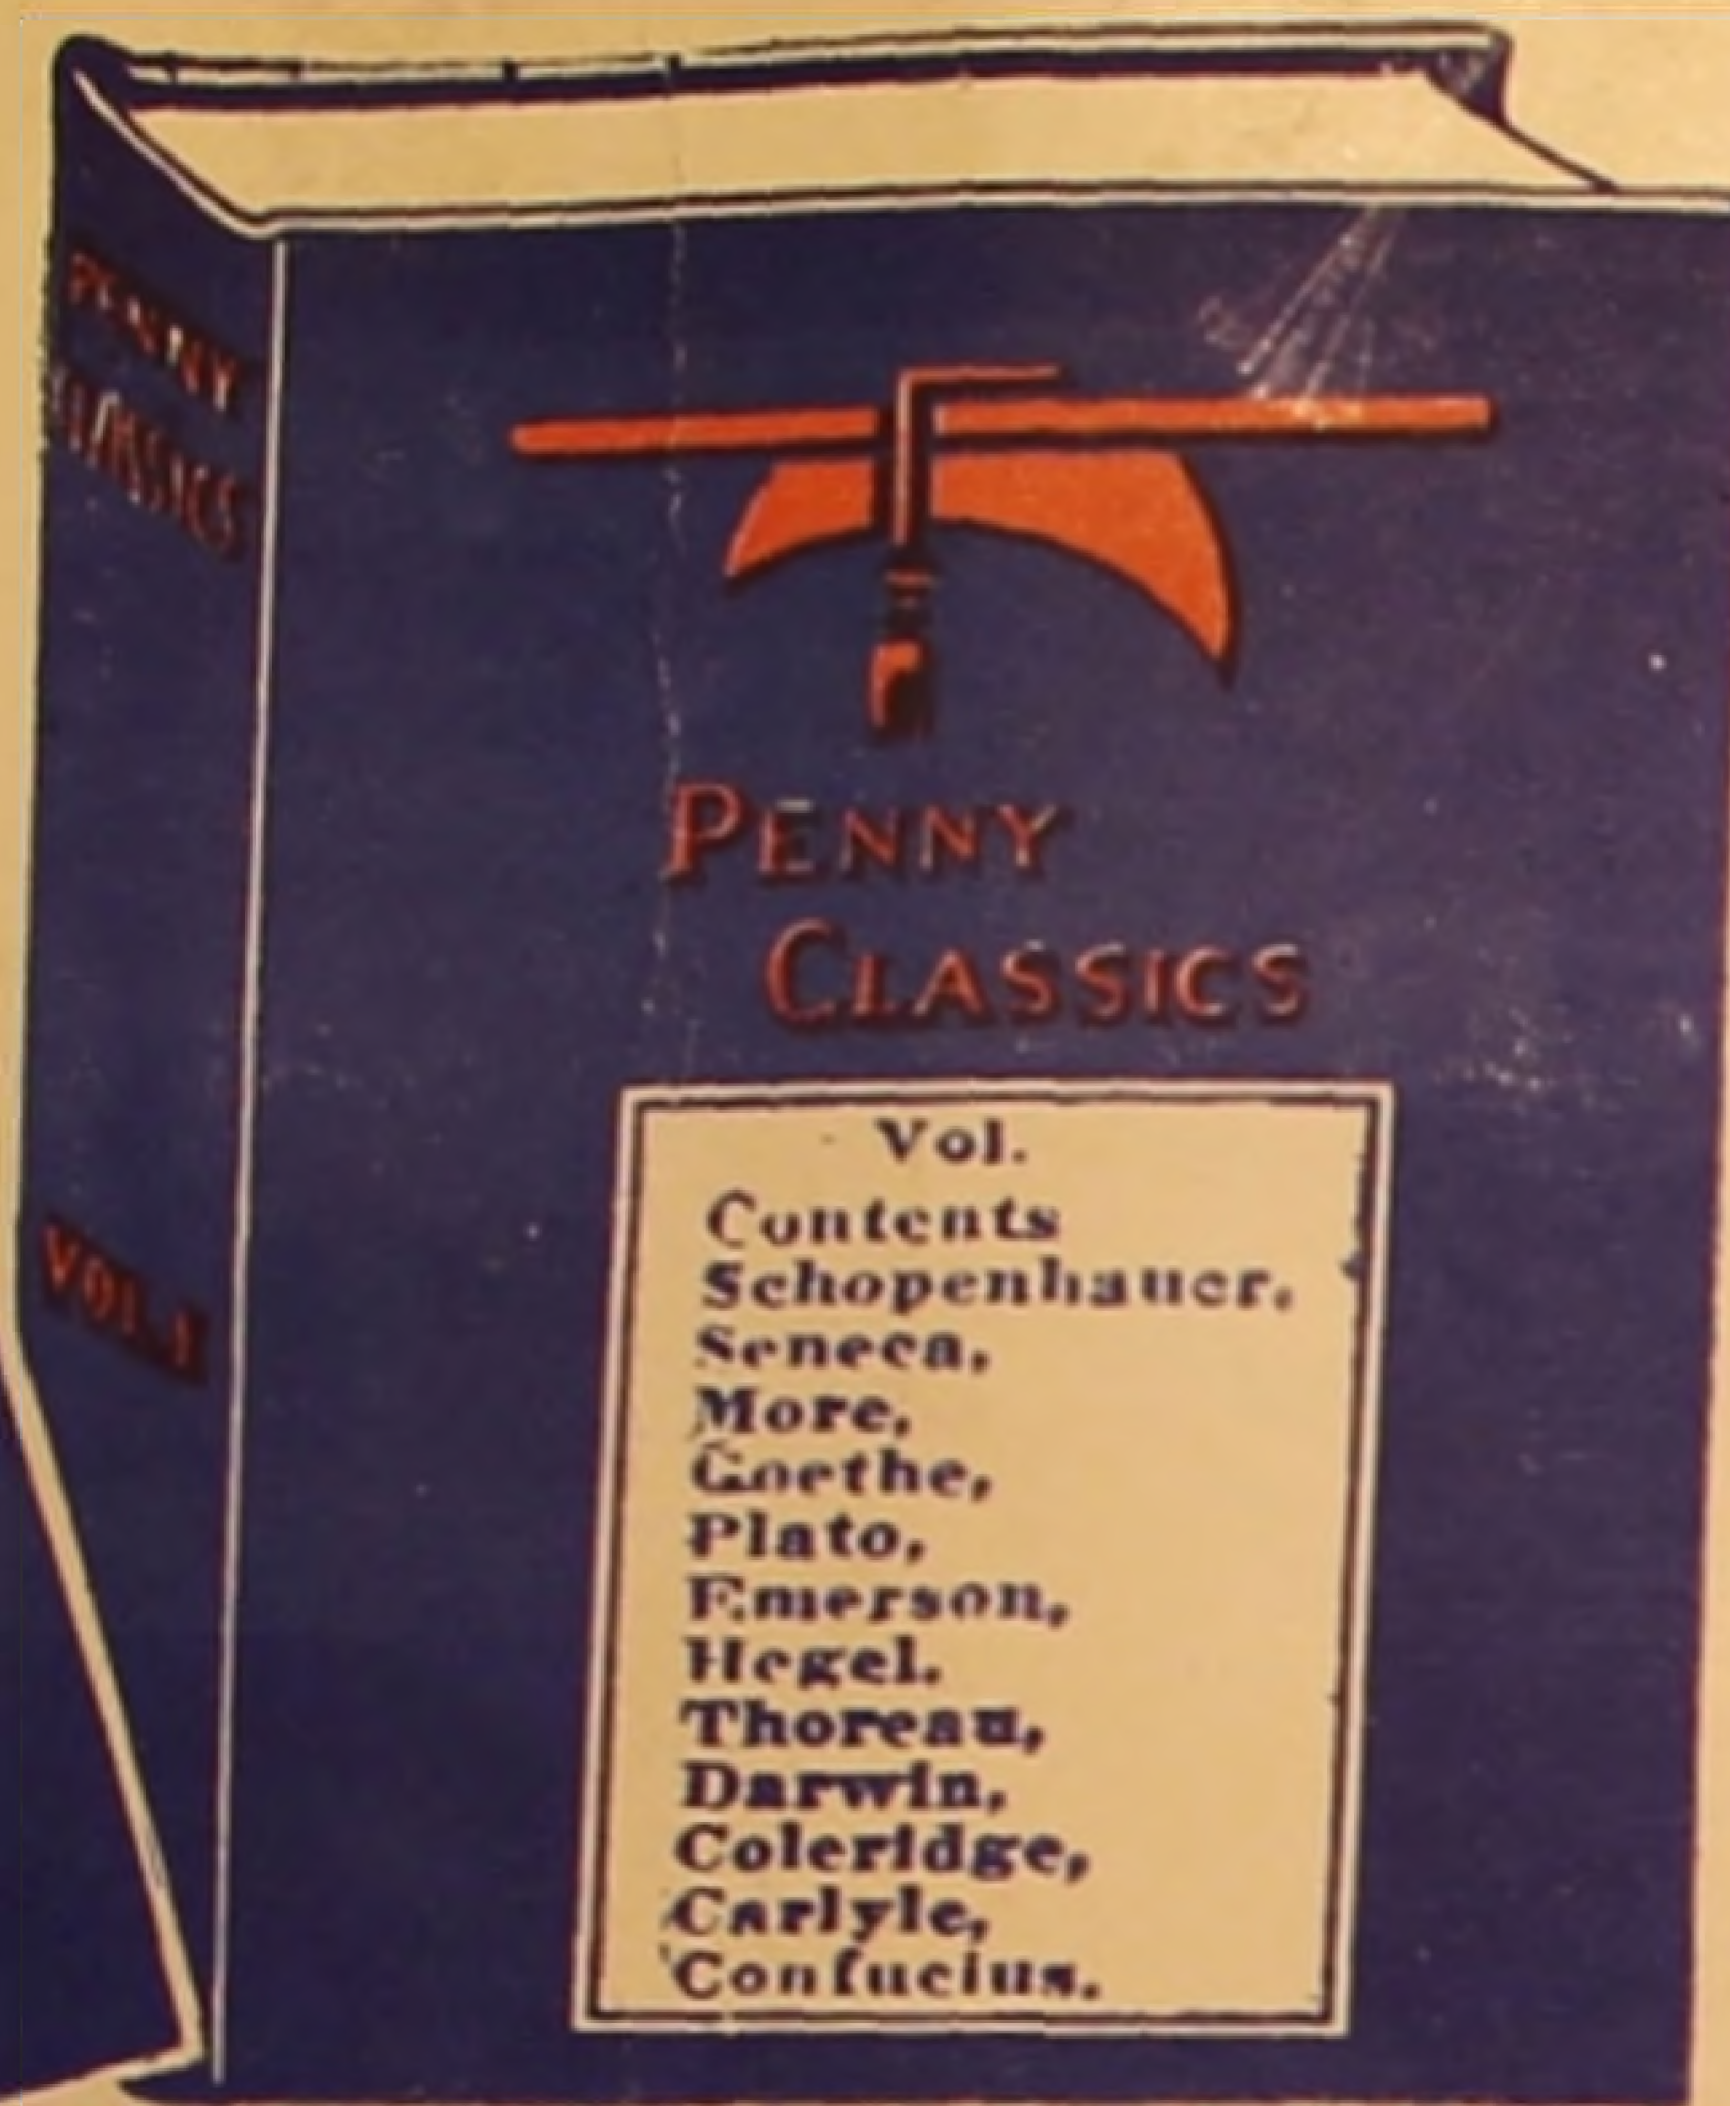

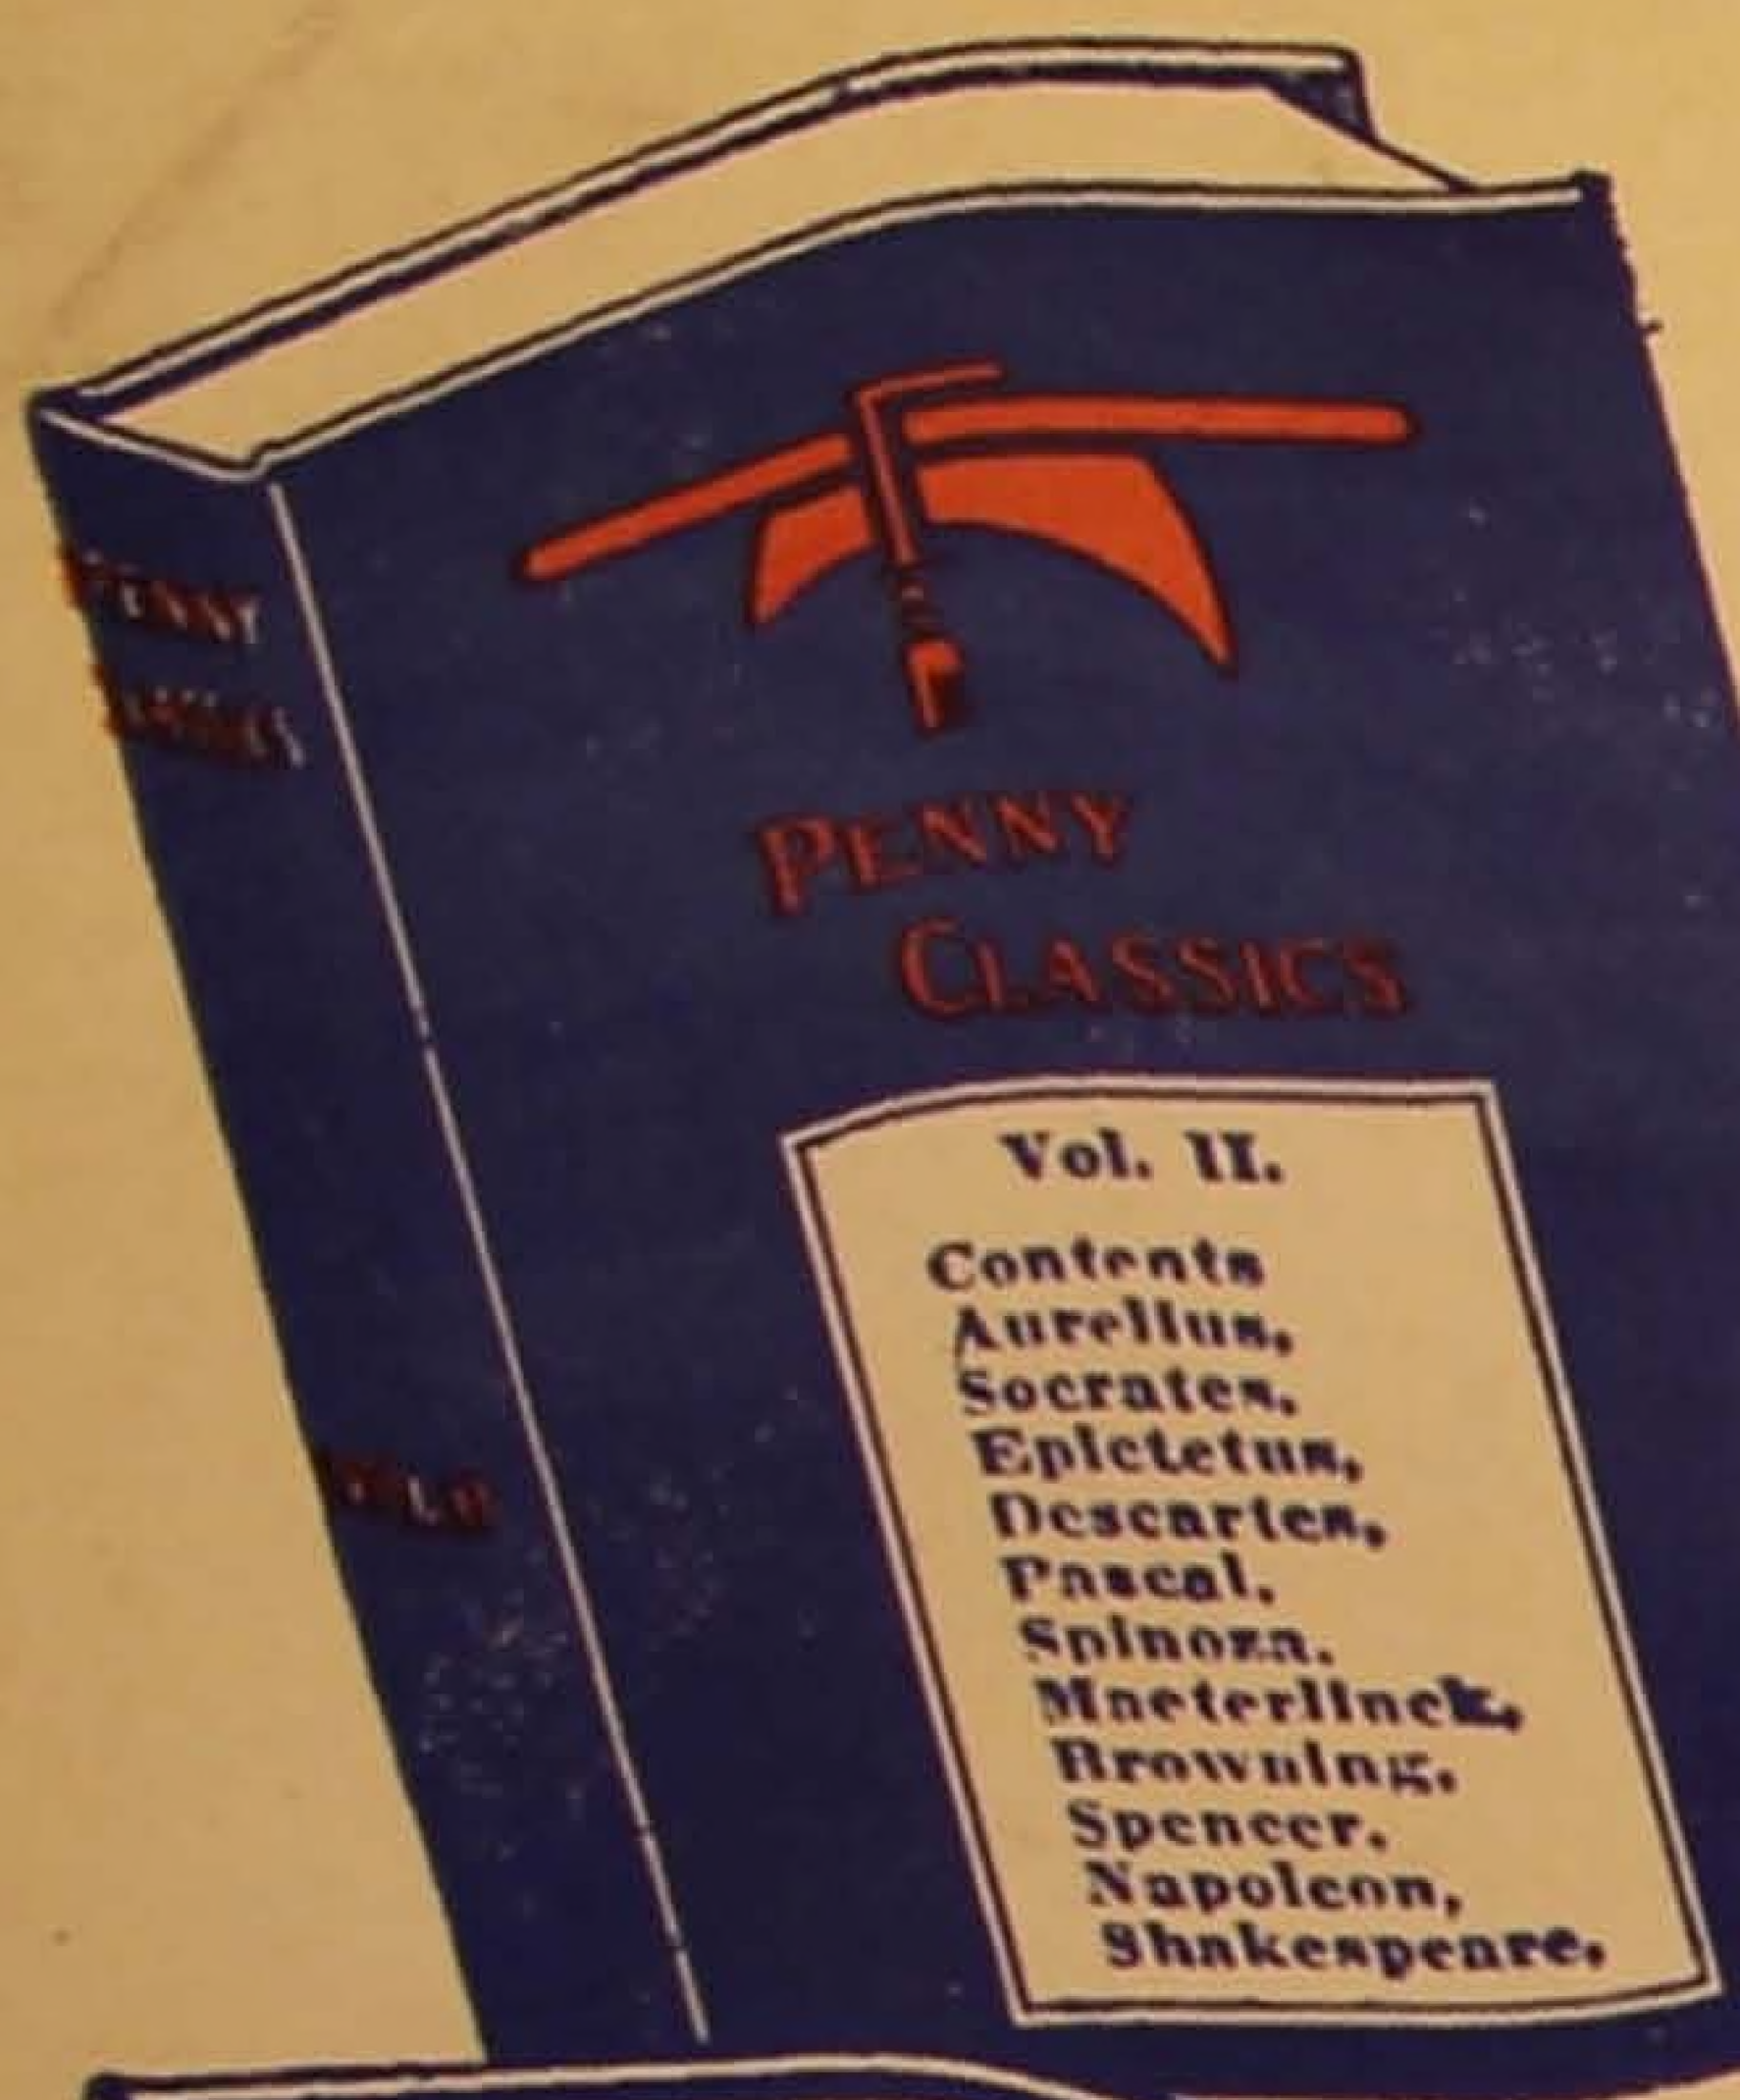

You cannot help enjoying this volume, for in it you find much of what you, yourself, have dreamed and thought. Here, Jefferson and Lincoln voice your democratic ideals. Bacon and even Voltaire, perchance, echo your opposition to Haeckel's disbelief in a personal God; Goldsmith and Montaigne seem to say to the war-cursed nations of today, just what you have often thought but failed adequately to express, while Kant, the obscure, the metaphysical, heartens the weary ones of earth by his declaration, so easily understood by all men, that "nothing in the world can be conceived of as good without qualification, except a good will, which is good, not for what it effects, but for what it intends, even when it fails to accomplish its purpose."

Vol. V. Tolstoi is wholesome; Burroughs is lovable; Hubbard is succinct; George Eliot is noble; Froebel is companionable; James is authoritative; Rousseau is logical; Brooks is chivalrous; Holmes is polished; Stevenson is brotherly; Penn is grave; Diderot is droll.

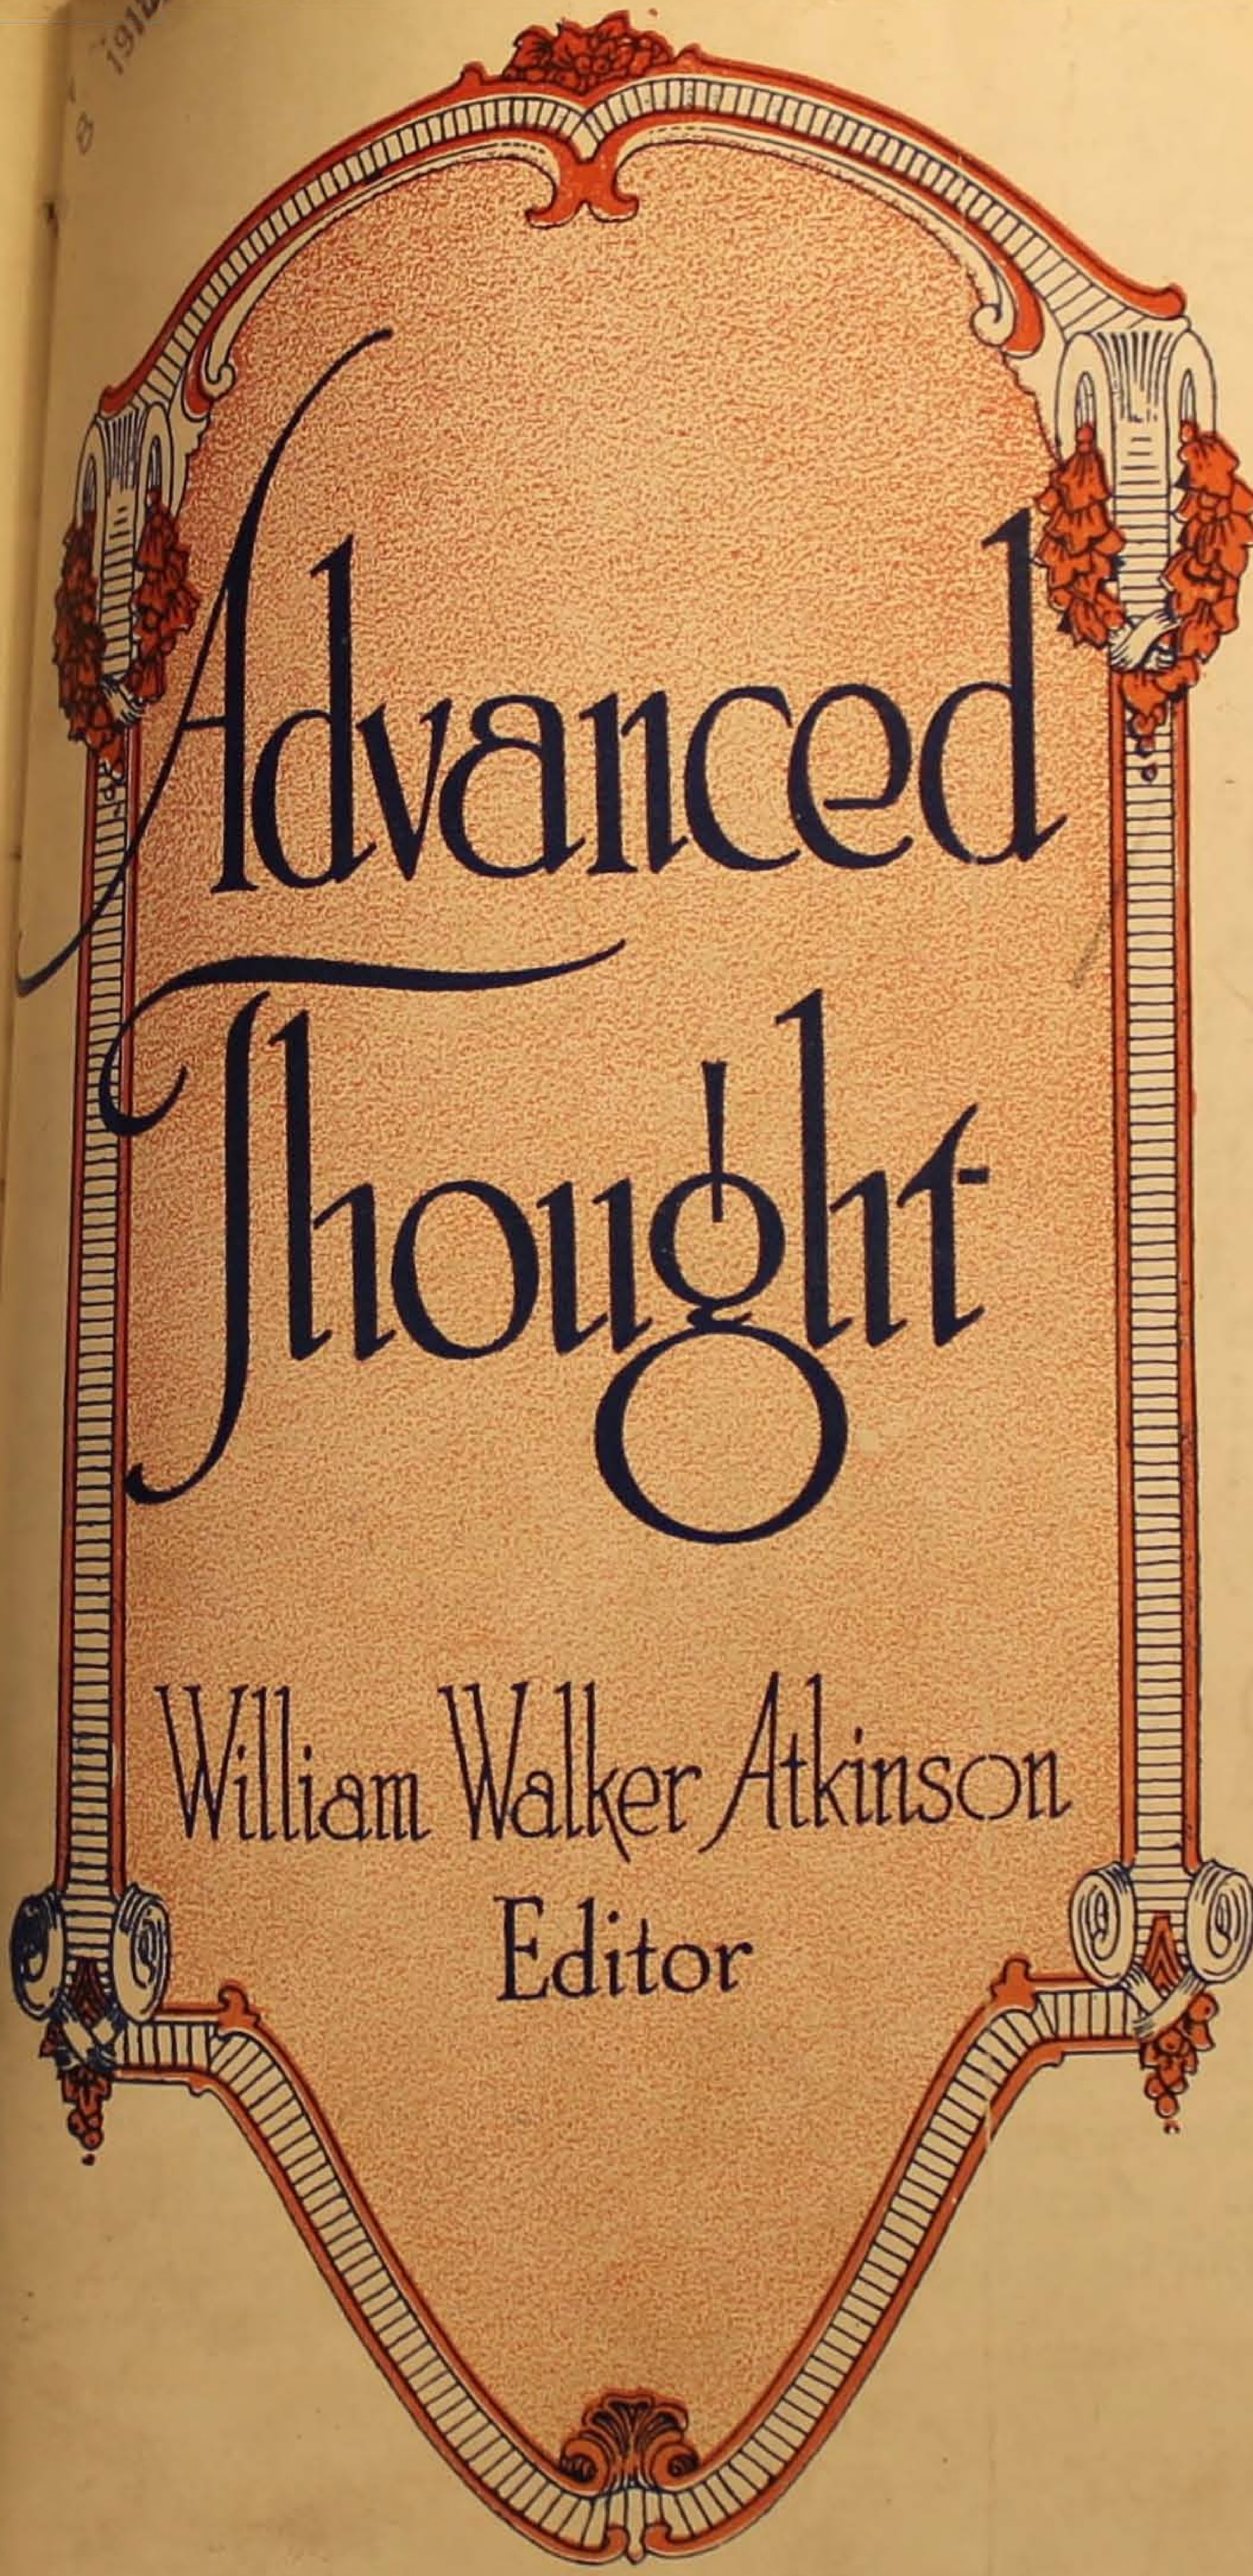

Penny Classics is a liberal library in itself. Daily communion with these authors will acquaint you with the best literature of the past and present. The original price was \$1.00 each, but in order that more may avail themselves of these very desirable volumes we are cutting the price to 99c each, 5 volumes \$3.90.

FINANCIAL INDEPENDENCE

"I have found the Key and with it each day am opening the storehouse of wisdom and success, of which for many years I was utterly ignorant."

"It is the most clear, definite and exhaustive treatise on this subject ever conceived. I wish it were possible that all mankind could benefit from your inspiring message."

"All persons having desks should have this pamphlet thereon. And it would be a fitting pocket companion."

"I can hardly grasp the full significance of the facts. The vastness of this subject is so overwhelming it seems a lifetime of effort could never fathom all its possibilities."

"It is exceedingly thoughtful and in many ways masterful. I will file it away with my strong presentations of the philosophy of life."

"You have given a wonderful analysis of the power that is the creative force by which the master mind controls his destiny."

"It teaches that the forces which make for success are available for all, and the practice of the laws governing the same will lift from poverty to power."

Does not depend upon opportunity or intellectual brilliancy of any kind, for it is well known that uneducated people often acquire great wealth, while cultured and talented people remain in want.

Again, it does not depend upon capital, for many men with capital lose what they have, while others with no capital secure phenomenal wealth.

It does, however, depend upon a compliance with certain well-known laws. The Master Key will enable you to understand and comply with these laws.

"I cannot find words to express my appreciation; it has opened an entirely new world to me."

"It contains priceless knowledge, valuable advice, great surprises and astonishing truths."

"The Master Key is the answer to the demand 'Knock and it shall be opened.' All the world seek this wonderful key."

"I am learning to attack my difficulties at the right end—the cause instead of the effect."

"Have read it a second time and it is now due for a third reading. All who are looking for the better things pertaining to human life should have it."

"It is very clear and concise, yet forceful presentation of the big subject handled."

"I find it trenchant, scientific and full of memorable statements. May you have much success with this meritorious work."

"The MASTER KEY bears that peculiar indefinite stamp and carries that strange impressiveness that only Truth possesses. I have read it five times, some of it fifteen times and shall undoubtedly read it fifty or a hundred times."

MENTAL and PHYSICAL CO-ORDINATION MEANS PERFECT HEALTH

The mental and physical are so closely interwoven that the best scientists are unable to definitely state where the mental leaves off and the physical begins. In many cases it is impossible to obtain mental or physical health without a form of treatment that will take into consideration both planes of being. No thought is complete without action. Those who confine their efforts to the physical or mental alone are sure to meet with many failures. Natural methods can be employed in the development of mental as well as physical muscles, then complete development is possible. Have you failed, and through your failure come to the conclusion that your case is hopeless? No case is hopeless. Don't be discouraged. You have not attacked your trouble in the right way. There is a cause back of every disorder, and these causes can be located and removed. In difficult cases treatment can be applied successfully only by one with special training.

Let me teach you the simple and easily understood laws governing health and happiness, and how to apply them to your immediate and permanent advantage.

Your first step toward a strong mind and body will be for you to mail me TWENTY-FOUR cents in stamps to cover package and postage on my de luxe book, **LEAVITT-SCIENCE**. This will explain my methods, answer many of your questions and give you much interesting data. **BEGIN THE NEW YEAR RIGHT.**

The Problem Solved

DISEASES, GROWTHS AND SWELLINGS are now cured without the use of Drugs or the Knife. Diseased Conditions are caused by the presence of Germs and Poisons. Deaths are usually caused by these poisons in some one of the Vital Organs. A Wonderful Mineral has been discovered which applied in the form of a MINERAL COMPRESS has the power of drawing out and absorbing these Germs and Poisons. When the Poisons are absorbed from the body the patient is well. The cures seem almost like miracles.

What a prominent Physician says:

"It is a needless waste of human life to allow anyone to die of Typhoid Fever, Pneumonia, Scarlet Fever, Diphtheria, Peritonitis, Ovaritis, Appendicitis, Fibroid Tumors, Tonsillitis or Gall Stones, as in every instance the Mineral Compresses have given positive results."

E. J. FISK, M. D., Troy, N. Y.

A sworn statement:

My wife suffered for more than seven years with a large Fibroid Tumor in the abdomen. The Mineral Compresses removed the Tumor without pain and she has been perfectly well ever since.

E. J. WOOLEY, Chicago, Ill.

Another sworn statement:

My daughter Florine suffered with Appendicitis. Limbs all badly swollen. The doctor said she could not live. We then used the Mineral Compresses and she was entirely cured. Later she had Pneumonia and again the Compresses made a prompt recovery. We have used these in our family and could not get on without them. They have never failed us.

MRS. F. ROSENBERG, Seattle, Wash.

I had a large Cancer of the breast. The doctors operated and it was soon worse than ever. Treatment did no good. I used the Compresses and was completely cured. Health completely restored. Sworn before U. S. Commissioner.

STOP! A REVELATION

A book has been written entitled

"Strands of Gold"

or

"From Darkness Into Light"

By ALBERT O. FRIEDRICHS

It is a Poetical Work on a religious order, combined with NEW THOUGHT.

For years, the writer has made a systematic study of MENTAL SCIENCE; but he derived little benefit, and in a maze he was in despair of ever attaining success, when, as if by a miracle, the things that were so perplexing were so revealed to him, that he could not help but cry out in wonder: "O, God, how mighty and full of wisdom Thou art!" The book is replete in every detail, ending with a vivid description of "SOUL LIFE," giving the reader a clear conception of the inseparable union which exists between the INFINITE and the FINITE being.

The book will teach you how to attain the loftiest success and the highest degree of Mental, Moral and Physical perfection.

Price of book (cloth binding) \$1.00, postpaid.

LEARN TO FIGURE FASTER

The Demands of the Day Require it of Everyone
This is An Age of Short Cuts

The greatest short-cut of any age—the Panama Canal—could not have been completed on time if other short-cuts had not been used in working it out. Labor-saving devices are found on every hand today. The successful manufacturer does not hesitate to discard a machine, be it ever so new, for one that will do the work quicker, cheaper, better. **Everybody uses Arithmetic.** Learn the latest and best. It saves time, labor, worry. Don't depend on a piece of paper or machine to do your figuring, when it can be done easier, cheaper, quicker, better, by the new, simple, short-cut methods of the Prewett System explained in **"HOW TO FIGURE FAST."** Everyone likes it, and most people need it every day in business, regardless of age or avocation. Get out of the rut. Did You Ever Stop to

THINK?

That "In Him we live and move and have our being" is literally and scientifically exact! That *we are*, because *He is*, that if He is Omnipresent, He must be *in* us, and if He is *all in all*, we must be in Him! Did you ever stop to think that "He is a spirit" and we are made in "His image and likeness," and that the only difference between His spirit and our spirit is one of degrees, that a part must be the same in kind and quality as the whole? Did you ever stop to think that the only power which this spiritual man, this image and likeness of GOD possesses, is the power to think? If so, you found the secret of the Creative power of thought, you found why thought automatically connects with its object. You found that if you think good, good will be the result, and if you think evil, evil will be the result. You, therefore, found the origin of both good and evil. You also found the secret of the wonderful power of concentration; in other words, you found that thought is simply Mind in motion and that Mind is simply intelligent spirit and spirit is the only Creator there is, and the only *substance* from which everything is created. If you want to know more about origin and destiny, cause and effect, get the Master-Key. It will help you find the solution to any problem, whether financial, physical or environmental.

"I am able to extract from this system all that can be made known by the finite mind relative to origin, evolution, destiny, and the much-mooted riddle of the Universe."

"Its teaching that Mind is the dominating force is precisely in line with the wonders of the most recent psychology. All persons having desks should have this pamphlet thereon, and it would be a fitting pocket companion."

"You have led a hungry world to the threshold and placed in their hands a key with which the understanding ones may unlock the door and enter the secret place of the most high and enjoy the abundance of all good to be found therein."

"The Master-Key is the answer to the demand, 'Knock and it shall be opened.' All the world seeks this wonderful key."
